Fortune Guard Life Insurance

Safeguard a financial future

Product brochure

Protect your loved ones from future financial burden

While you pursue your dreams, you need a protection solution that provides financial comfort to you and your loved family. **Fortune Guard Life Insurance** (“**Fortune Guard**” or “the Basic Plan”) is a participating life insurance plan designed to meet your protection and savings needs. Moreover, the Basic Plan is issued with **Fortune Guard Accident Protector Supplement** (“**Accident Supplement**”)¹ which provides cover against accidents. This way, you can realise your goals and aspirations with peace of mind.

Highlights

Offers life protection to safeguard your family

Provides stable guaranteed cash value accumulation

Enhances returns with reversionary bonus and terminal bonus

Accident Supplement provides financial protection against accidents

Fortune Guard Life Insurance

Life protection safeguards your family against the unexpected

Fortune Guard provides life coverage up to age 100 to ensure your family’s future is financially secured. In the unfortunate event that the insured passes away, the designated beneficiary will receive a death benefit which is equal to:

the basic sum insured

+

face value of reversionary bonus (if any)

+

face value of terminal bonus (if any)

-

any indebtedness and outstanding premiums (if applicable)

Guaranteed cash value secures your financial future

Fortune Guard offers guaranteed cash value upon policy surrender or at maturity, enabling you to head towards your goals confidently.

Additional returns from reversionary bonus and terminal bonus

You may benefit from the non-guaranteed reversionary bonus and terminal bonus after the policy has been in-force for 3 years.

Any indebtedness will be deducted from reversionary bonus and / or terminal bonus when payable.

Access to your money

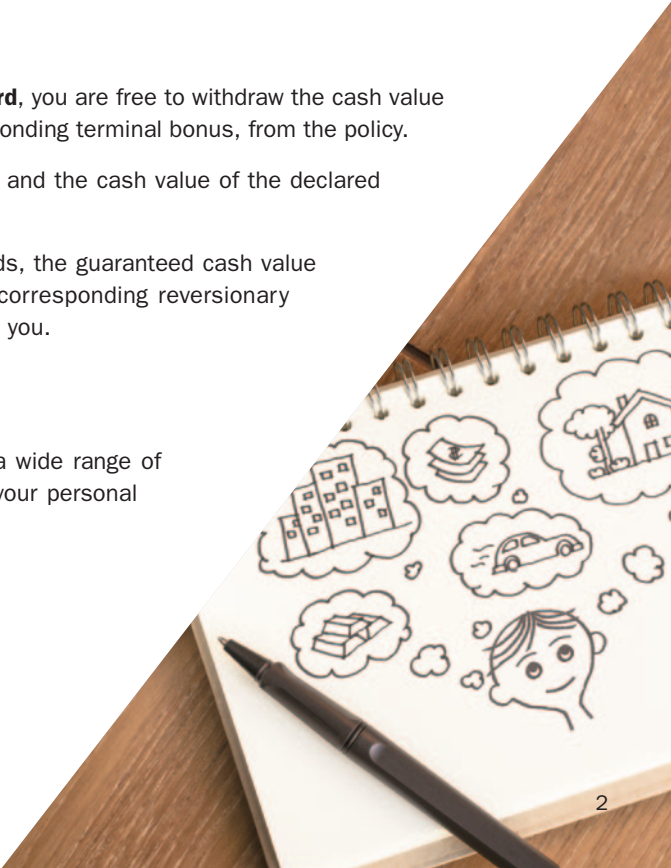

You may have specific financial needs at different life stages. With **Fortune Guard**, you are free to withdraw the cash value of the declared reversionary bonus², together with the cash value of the corresponding terminal bonus, from the policy.

Besides, you may also apply for a policy loan³ from the guaranteed cash value and the cash value of the declared reversionary bonus in the case of an emergency.

If you choose to reduce your basic sum insured⁴ to address your financial needs, the guaranteed cash value of the reduced portion of the basic sum insured and the cash values of its corresponding reversionary bonus (if any) and terminal bonus (if any), less any indebtedness, will be paid to you.

Supplementary protection

Other than **Accident Supplement**, you can also combine **Fortune Guard** with a wide range of optional supplements such as critical illness and medical protection to meet your personal needs.

Fortune Guard Accident Protector Supplement

Accident Supplement is designed to prepare you for the unexpected. Lump sum payments will be provided to help you and your family overcome difficult times when accidents occur.

Accidental Death & Dismemberment Benefit^{5,6}

In the unfortunate event that the insured suffers from accidental dismemberment (up to age 75) or even death (up to age 85), **Accident Supplement** will provide a cash benefit to ease the financial burden. The total benefit amount payable will be up to 100% of the sum insured of **Accident Supplement**.

Double Benefit for Accidental Death^{5,7}

If the death of the insured (up to age 85) occurs within 180 days from the date of the injury under the following circumstances:

- + the insured is riding as a fare-paying passenger in a public conveyance; or
- + the insured is a pedestrian injured in a traffic accident and / or is struck by a motor driven / powered vehicle; or
- + the insured has dependent child(ren)⁸ and / or parent(s)⁸ at the point of the death,

a cash benefit which is equal to 200% of the sum insured of **Accident Supplement** will be paid.

Critical Accidental Injuries^{5,9}

If the insured is injured in an accident and has resulted in

- + Coma; or
- + Paralysis; or
- + Apallic Syndrome; or
- + Loss of Independent Existence*

within 180 days from the date of the injury up to age 85 (except for Loss of Independent Existence*), a cash benefit which is equal to 100% of the sum insured of **Accident Supplement** will be paid.

* Only an insured aged between 15 and 75 on the first diagnosis is eligible to receive this benefit.

Important information

Cooling-off period

If you are not completely satisfied with the policy, you have the right to cancel it by returning the policy (if applicable) and giving a written notice of cancellation to the Company. Such written notice of cancellation must be signed by you and received directly by our Customer Service at Suite 2001, 20/F, Tower Two, Times Square, 1 Matheson Street, Causeway Bay, Hong Kong (for policy issued in Hong Kong) / Avenida do Infante D. Henrique No.43-53A, 20 Andar, The Macau Square, Macau (for policy issued in Macau) within **21 calendar days** immediately following either the day of delivery of the policy or the notice of policy issuance (notifying you of the cooling-off period) to you or your nominated representative (whichever is earlier). The policy will then be cancelled and a refund of any premium(s) paid (and any levy paid, if the policy is issued in Hong Kong) will be returned to you on the condition that no claim payment under the policy has been made prior to your request for cancellation.

Non-guaranteed benefits

Bonus philosophy

The plan is designed to provide both life insurance protection and growth potential for savings through a combination of:

- (a) guaranteed benefits, such as cash value and death benefit; and
- (b) non-guaranteed reversionary bonus and terminal bonus (collectively “bonuses”).

How do we determine your bonuses?

The premiums from you and the owners of other policies pooled together will form a participating fund and will be invested. We will make deductions for expenses, surrenders, claims, charges and profit sharing from this participating fund, while it earns investment returns. The value of this participating fund is called the “asset share”. It is an important reference to help us determine your bonuses.

When we determine the amount of reversionary bonus and terminal bonus of your policy, we will take into account the following:

- (a) the asset share;
- (b) both the current and the expected future amount of guarantees; and
- (c) the returns we expect the participating fund to earn in the future.

In the plan, profit and loss arising from investment, claims, expenses and policy persistency will impact your asset share. To align our interest with yours, we aim to share with you 80% of the profit and loss while the remaining 20% goes to us.

Your participating policy is designed to be held for long term. When we determine your bonuses, we also take into account the policy duration, and they are adjusted downward in the early policy years to reflect this.

What will affect your bonuses?

We consider the past performance and future outlook of the following factors when determining your bonuses and they may significantly affect your bonuses.

Investment return

This includes changes in interest rates that will cause changes in interest earnings, as well as changes in market value of the assets in the participating fund due to changes in financial markets and economic conditions. These may result from risks or changes in factors, such as interest rates, currency risk, liquidity risk, credit / default risk, volatility risk and also general investment conditions.

Claims

These include the cost of providing death benefit and other insurance benefits. If the amount of benefit claims turns out to be higher, your bonuses will be lower.

Policy persistency

If policies lapse or are surrendered (whether in full or partially), profits or losses arise when the benefits paid out differ from the asset share of the terminated policies. Such profits or losses will be added to the asset share of the remaining policies.

Expenses

These include both expenses directly related to the policy (e.g. distribution costs and taxes) and indirect expenses allocated to the product group (e.g. office rent). If the actual expenses become higher, there will be less money available to pay you as bonuses.

We may also apply smoothing when determining the bonuses. The value of the participating fund may go up and down sharply within days. Instead of sharing with you the gains or losses immediately, we may even out some short-term fluctuations.

As your policy will be grouped together with other similar policies, the bonuses of your policy may also vary if the characteristics of policies in your group change.

Based on these, we conduct a detailed analysis of the participating business and determine the bonuses to be declared at least annually.

Investment objective and strategy

Investment objective

The overall objective of investing the participating fund is to ensure that the guarantees we committed to the policies are met, while seeking competitive and stable returns over a medium to long term.

Investment strategy

We employ a rigorous and disciplined approach in determining strategic asset allocations which defines the nature of assets and how much we invest in. We monitor market positions carefully and frequently, and update our allocations when appropriate. In addition, we may complement our investment strategies with the use of derivatives and other financial agreements to manage liquidity, achieve an efficient portfolio management and effective risk management or pre-invest partially or fully expected future premiums to reduce the uncertainty of future investment earnings. In particular, the amount of derivatives used to manage interest rate and exchange rate risk may be material.

From time to time we will review the investment strategies and asset allocations, and will modify them if necessary. We aim to ensure all guarantees are met while maintaining non-guaranteed return potential for the bonuses. We also assess factors such as risk tolerance, changes in market conditions and economic outlook in order to maintain an optimal portfolio.

Selection of assets

We maintain a robust asset portfolio for the participating funds by investing in a wide range of investments, primarily with exposure to the U.S. and Asia (including Hong Kong and Mainland China). Generally, we aim to match the currency of fixed income investments and the underlying policy currency denomination to the extent appropriate investments are available and acceptable. However, taking into consideration the aforementioned market constraints, we also invest in assets that are not denominated in the same currency as the underlying policies ("currency mismatch"). In such case, we may consider using derivatives to hedge the currency risk, and more broadly to ensure a proper matching between the assets and the policies. Some specific strategies may embed a currency mismatch as it may bring additional returns or be a source of diversification. We also aim at maintaining adequate liquidity with respect to the policies and an appropriate level of risk diversification.

Asset allocations

You can find the current target asset allocations below:

Asset Class[^]	Allocation[*]
Government bonds, corporate bonds and other similar instruments	50% – 100%
Growth assets	0% – 50%

[^] The bond assets allocation includes sub-asset classes like (i) developed market investment-grade corporate bonds, (ii) emerging market investment-grade bonds and (iii) developed market government bonds. The growth assets allocation includes sub-asset classes like (a) listed equities, (b) private equities, (c) real estate and (d) hedge funds. The bond allocation is mainly invested in (i) and (ii), and the growth assets are mainly invested in (a), with flexibility allowed in allocating to the sub-asset classes both within the bond allocation and within the growth asset allocation.

^{*} The target asset allocation shown above excludes derivatives. The total actual allocation (excluding derivatives) will be equal to 100%, and there may be some holdings in cash. In addition, we may accept certain degree of deviation from the above targets across asset classes in order to manage the portfolio efficiently or to optimise the portfolio based on the prevailing market condition and views.

Policy currency

If your policy is denominated in a currency other than your local currency, you may face an exchange rate risk. Upon currency conversion, the amounts you receive and the premiums you pay may vary as a result of changes in exchange rate.

Premium adjustment

The premium of **Accident Supplement** is calculated with reference to a number of factors including but not limited to the age and risk class of the insured at the time of issuance of **Accident Supplement** and will not increase subsequently based on the insured's attained age. However, premium rates are not guaranteed. We reserve the right to review and adjust the premium rates on each policy anniversary with reference to the past performance and future outlook of factors such as claims, investment returns, policy persistency and expenses.

Non-payment of premium

You should pay premiums for the whole of your premium payment term. Any premiums remaining outstanding at the end of the grace period (i.e. 31 days after premium due date) may lead to termination of your policy. You may lose the insurance protection offered by the policy and the policy value (if any) to be received may be considerably less than your premiums paid.

Early surrender

The policy is designed to be held for long term. Early surrender of the policy may result in a significant loss where you may get back considerably less than your premiums paid.

Inflation

The cost of living in the future is likely to be higher than it is today due to inflation. In case the actual rate of inflation is higher than expected, the purchasing power of the amounts you receive under the policy may be lower than expected.

Termination

- **Fortune Guard** will automatically terminate upon the earliest occurrence of any of the following:
 - (a) on the death of the insured; or
 - (b) when the policy lapses, is cancelled or surrendered; or
 - (c) when the indebtedness equals to or exceeds the guaranteed cash value of the Basic Plan and the cash value of reversionary bonus (if any) of the policy, whichever occurs the earliest; or
 - (d) when the right of policy termination is exercised pursuant to the cross-border provision of the policy; or
 - (e) on the policy anniversary on or immediately following the insured's 100th birthday; or
 - (f) when any attached supplement, the provisions of which has indicated that cancellation of the supplement will automatically terminate the policy to which it is attached to, is cancelled by you.
- **Accident Supplement** will automatically terminate upon the earliest occurrence of any of the following:
 - (a) on the policy anniversary on or immediately following the insured's 85th birthday; or
 - (b) if the Basic Plan to which **Accident Supplement** is attached is terminated or cancelled or surrendered or an option on non-payment takes effect; or
 - (c) when the sum of all benefits paid or payable under the Accidental Death & Dismemberment Benefit of **Accident Supplement** is equal to 100% of the sum insured under **Accident Supplement**; or
 - (d) the death of the insured; or
 - (e) when the Critical Accidental Injuries becomes payable.

Key exclusions

- If the insured commits suicide within 1 year from the policy date or any date of reinstatement, whichever is later, whether sane or insane, the death proceeds will be limited to a refund of the premiums paid without interest less any indebtedness and any cash value(s) of the Basic Plan and reversionary bonus (if any) and terminal bonus (if any) previously withdrawn from the policy. The amount of premiums to be refunded will be calculated from the policy date or any date of reinstatement, whichever is later.

If the insured commits suicide within 1 year from the date of any increase in the basic sum insured and / or supplement amount(s), whether sane or insane, such increase shall be deemed not to have taken effect in determining the death proceeds payable. The additional premium paid for the increase in the basic sum insured and / or supplement amount(s) will be refunded.
- **Accident Supplement** will not pay any benefit if the insured's injury results, either directly or indirectly, voluntarily or involuntarily, resulting from or as a consequence of, or in respect of, or contribution by any one or more of the following:
 - (a) war, declared or undeclared, invasion, civil war, revolution or any warlike operations; or
 - (b) violation or attempted violation of the law or resistance to arrest; or
 - (c) the insured under **Accident Supplement** engaging in or taking part in naval, military or air force service or operations; or
 - (d) the insured under **Accident Supplement** engaging in air travel, except as a fare-paying passenger (not as a pilot / operator or a member of the aircrew) in any properly licensed private and / or commercial aircraft; or
 - (e) suicide or attempted suicide or self-inflicted injury (whilst sane or insane) or from deliberate exposure to exceptional danger (except in an attempt to save human life); or
 - (f) in the case of a woman is attributable wholly or in part to childbirth, miscarriage, pregnancy or any complications concerning therewith notwithstanding that such event may have been accelerated or induced by injury; or
 - (g) is caused as a consequence of any kind of disease or illness including infection with any Human Immunodeficiency Virus (HIV) and / or any HIV-related illness including Acquired Immune Deficiency Syndrome (AIDS) and / or any mutations, derivations or variations thereof; or
 - (h) any pre-existing condition; or
 - (i) treatment for dental care or surgery, unless necessitated by injury caused by an accident to sound natural teeth (excluding denture and related expenses); or
 - (j) the insured under **Accident Supplement** engaging in a sport in a professional capacity or where the insured under **Accident Supplement** would or could earn income or remuneration from engaging in such sport; or

- (k) mental, nervous or sleep disorders, treatment of alcoholism, drug abuse or any other complications arising therefrom, or accident(s) caused by and whilst under the influence of drugs or alcohol; or
- (l) any attempt or commission of assault or unlawful act by the insured; or
- (m) in case of cosmetic surgery, eye glasses, corrective aids and treatment of refractive errors or any optional surgery; or
- (n) when the insured is a victim of child abuse or suspected child abuse; or
- (o) taking poison, drugs not prescribed by medical practitioner, alcohol, sedatives or inhaling gas (except from hazard incidental to occupation).

Pre-existing condition – **Accident Supplement** will not pay any benefit for any pre-existing, or recurring, injury or disablement which the insured suffered prior to the supplement effective date or any date of reinstatement of **Accident Supplement**, whichever is later.

Riot and civil commotion clause – The benefits under **Accident Supplement** will be payable if the Accidental Death & Dismemberment Benefit or Double Benefit for Accidental Death or Critical Accidental Injuries is caused by an accident during a riot or civil commotion, provided that the insured does not participate or attempt to participate in that riot or civil commotion.

Levy on insurance premium (Only applicable to policies issued in Hong Kong)

Levy collected by the Insurance Authority through the Company will be imposed on the policy at the applicable rate. Policyholders must pay the levy in order to avoid any legal consequences.

Rights of third parties

Applicable to policies issued in Hong Kong

The policy is excluded from the application of the Contracts (Rights of Third Parties) Ordinance (Cap 623 of the Laws of Hong Kong) (“TP Ordinance”). Any person or entity which is not a party to the policy shall have no rights under the TP Ordinance to enforce any terms of the policy.

Applicable to policies issued in Macau

Any person or entity which is not a party to the policy shall have no rights to enforce any terms of the policy.

U.S. Foreign Account Tax Compliance Act

Under the U.S. Foreign Account Tax Compliance Act (“FATCA”), a foreign financial institution (“FFI”) is required to report to the U.S. Internal Revenue Service (“IRS”) certain information on U.S. persons that hold accounts with that FFI outside the U.S. and to obtain their consent to the FFI passing that information to the IRS. An FFI which does not sign or agree to comply with the requirements of an agreement with the IRS (“FFI Agreement”) in respect of FATCA and / or who is not otherwise exempt from doing so (referred to as a “nonparticipating FFI”) will face a 30% withholding tax (“FATCA Withholding Tax”) on all “withholdable payments” (as defined under FATCA) derived from U.S. sources (initially including dividends, interest and certain derivative payments).

The U.S. and Hong Kong / Macau have signed an inter-governmental agreement (“IGA”) to facilitate compliance by FFIs in Hong Kong / Macau with FATCA and which creates a framework for Hong Kong / Macau FFIs to rely on streamlined due diligence procedures to (i) identify U.S. indicia, (ii) seek consent for disclosure from its U.S. policyholders and (iii) report relevant tax information of those policyholders to the IRS.

FATCA applies to the Company and this policy. The Company is a participating FFI. The Company is committed to complying with FATCA. To do so, the Company requires you to:

- (i) provide to the Company certain information including, as applicable, your U.S. identification details (e.g. name, address, the US federal taxpayer identifying numbers, etc); and
- (ii) consent to the Company reporting this information and your account information (such as account balances, interest and dividend income and withdrawals) to the IRS.

If you fail to comply with these obligations (being a “Non-Compliant Accountholder”), the Company is required to report “aggregate information” of account balances, payment amounts and number of non-consenting US accounts to IRS.

The Company could, in certain circumstances, be required to impose FATCA Withholding Tax on payments made to, or which it makes from, your policy. Currently the only circumstances in which the Company may be required to do so are:

- (i) if the Inland Revenue Department of Hong Kong / Macau Government fails to exchange information with the IRS under IGA (and the relevant tax information exchange agreement between Hong Kong / Macau and the U.S.), in which case the Company may be required to deduct and withhold FATCA Withholding Tax on withholdable payments made to your policy and remit this to the IRS; and
- (ii) if you are (or any other account holder is) a nonparticipating FFI, in which case the Company may be required to deduct and withhold FATCA Withholding Tax on withholdable payments made to your policy and remit this to the IRS.

You should seek independent professional advice on the impact FATCA may have on you or your policy.

Remarks

1. The policy will automatically terminate when **Accident Supplement** is cancelled by the owner.
2. The request for withdrawing reversionary bonus is subject to the Company's approval. Upon withdrawal of reversionary bonus, the cash value of reversionary bonus and the cash value of its corresponding terminal bonus (which is derived from reversionary bonus) will be payable. The withdrawal of reversionary bonus reduces the value of the policy.
3. The request for taking policy loans is subject to the Company's approval. Interest will be charged on policy loans. We shall have the absolute discretion to determine or change the interest rate from time to time. If the policy loans and interest are not repaid, they will be deducted from any benefits payable under the policy.
4. The request for reducing the basic sum insured is subject to the Company's approval. After reduction of the basic sum insured, the guaranteed cash value, cash value of reversionary bonus (if any), cash value of terminal bonus (if any), surrender value, maturity benefit and death benefit payable under the policy will be adjusted and reduced accordingly.
5. If any one of the losses cover in whole or in part of other loss or losses, only the larger benefit will be payable.
6. If the total claimed amount has not reached 100% of **Accident Supplement's** sum insured, the Accidental Death & Dismemberment Benefit can still be payable. Any such claim shall not exceed the sum insured less any benefits payable or paid under this benefit. If the benefit under the Double Benefit for Accidental Death or Critical Accidental Injuries is payable, this benefit will not be paid.
7. The Double Benefit for Accidental Death is payable once only. Any benefits payable or paid under the Accidental Death & Dismemberment Benefit will be deducted from the amount payable under this benefit.
8. Child(ren): a legally dependent and unmarried child, including a step child and legally adopted child, of the insured who is below the age of 18 or up to the age of 23 for those who are registered as and are full time students at a recognised educational institution on the date of the death of the insured.
Parent(s): the insured's father and / or mother or legal guardian(s) who is / are over the age of 70 on the date of the death of the insured.
9. The Critical Accidental Injuries is payable once only. Any benefits payable or paid under the Accidental Death & Dismemberment Benefit will be deducted from the amount payable under this benefit.
10. Policy fee is imposed and included in the calculation of the premium.
11. Please contact your financial consultant for availability of other currency(ies) and the respective minimum sum insured.
12. Only applicable for Hong Kong resident who is gainfully employed. The minimum sum insured for other applicant is subject to the Company's underwriting requirements.

Note: Unless otherwise specified, all ages mentioned in this product brochure refer to the age of the insured on his or her last birthday.
