Essential medical protection against uncertainty
Decisions about your medical insurance are often complex and time-consuming, but they need not be. AXA WiseGuard Medical Insurance Plan ("WiseGuard Medical") is a basic medical plan that covers your essential medical needs. You may choose WiseGuard Medical as stand-alone basic plan or supplement to other AXA basic plans.

Certified by the government of the Hong Kong Special Administrative Region ("Hong Kong") under the Voluntary Health Insurance Scheme ("VHIS"), WiseGuard Medical aims to give you accessible, continuous, quality and transparent protection.

Hong Kong taxpayers may claim tax deductions for qualifying premiums paid for WiseGuard Medical under VHIS if conditions are fulfilled*.

**Guaranteed renewal up to age 100³**

**WiseGuard Medical** is open to everyone aged between 14 days and 80 years old. Renewal is guaranteed up to the age of 100³. Fit for every life stage, **WiseGuard Medical** guarantees that renewal premiums will not be raised as a result of any claims you made or any changes in your health conditions. Instead, your renewal premiums will be based on the prevailing premium rates at the time of policy anniversary.

---

**Annually refreshed benefit item limit with no lifetime benefit limit**

There is no lifetime benefit limit under **WiseGuard Medical**. Every year, you may claim up to the respective sub-limits and an annual benefit limit as stated in the policy contract. These limits are refreshed at the start of each policy year.

---

**No waiting period**

When you apply for **WiseGuard Medical**, it is important for you to disclose your current health conditions to us for underwriting purposes. If we identify any disabilities or conditions during the underwriting process, we will notify you of the case-based exclusion from coverage before policy issuance. Your coverage for declared and non-excluded conditions starts as soon as your policy becomes effective.

If you have a pre-existing condition that you were not aware of at the time you applied for your policy, we will reimburse your eligible expenses on a sliding scale.

Coverage for pre/post-confinement and day case procedure outpatient care

We will reimburse your eligible expenses for outpatient visit or emergency consultation resulting in confinement or day case procedure up to a limit per visit and subject to an annual limit. Eligible expenses for follow-up outpatient visits conducted by the attending doctor or supported by written referral may also be covered after confinement and day case procedure.

If an endoscopic examination, such as oesophagastroduodenoscopy (OGD) or colonoscopy, is considered medically necessary, you can opt to have one in a day case procedure centre, avoiding hospital confinement so that you can recover in the comfort of your own home whenever possible.

Coverage for local psychiatric treatment

Your mental health deserves the same attention as your physical health. If you are afflicted with a mental illness, you may be covered for the eligible expenses charged on the psychiatric treatments during confinement in Hong Kong as recommended by a specialist.

Notes:

(1) Eligible expenses incurred in respect of the same item shall not be recoverable under more than one benefit item in the table above.

(2) The Company shall have the right to ask for proof of recommendation e.g. written referral or testifying statement on the claim form by the attending doctor or registered medical practitioner.

(3) Tests covered here only include computed tomography ("CT" scan), magnetic resonance imaging ("MRI" scan), positron emission tomography ("PET" scan), PET-CT combined and PET-MRI combined.

(4) Treatments covered here only include radiotherapy, chemotherapy, targeted therapy, immunotherapy and hormonal therapy.

(5) The percentage here applies to the surgeon’s fee actually payable or the benefit limit for the surgeon’s fee according to the surgical categorisation, whichever is the lower.

(6) The benefit shall only be payable for the eligible expenses charged on psychiatric treatments during the confinement in Hong Kong as recommended by a specialist.

(7) This benefit schedule is subject to and shall be read together with the terms and benefits of the policy contract.
**Important information**

**Disclosure obligation for underwriting**

You are required to declare all requisite information that would affect the underwriting decisions of the Company. The Company has the right to declare the policy void as from the policy effective date due to any misrepresentation or fraud. If the non-health related information of the insured person (including but not limited to age, sex or smoking habit) is misstated in the application, the Company may adjust the premium, for the past, current or future policy year, or declare the policy void on the basis of the correct information.

**Cooling-off period**

If you are not completely satisfied with the policy, you have the right to cancel it by giving a written notice of cancellation to the Company. Such written notice of cancellation must be signed by you and received directly by our Customer Service at Suite 2001, 20/F, Tower Two, Times Square, 1 Matheson Street, Causeway Bay, Hong Kong within **21 calendar days** immediately following either the day of delivery of the policy or the cooling-off notice (notifying you of the cooling-off period) to you or your nominated representative (whichever is earlier). The policy will then be cancelled and a refund of any premium(s) paid will be returned to you on the condition that no claim payment under the policy has been made prior to your request for cancellation.

**Cancellation**

After the cooling-off period, you can request cancellation of the policy by giving 30 days prior written notice to the Company, provided that there has been no benefit payment under the terms and benefits during the relevant policy year.

**Submission of claims**

All claims with relevant information must be submitted to the Company within 90 days after the date on which the insured person is discharged from the hospitals, or (where there is no confinement) the date on which the relevant medical service is performed and completed. Relevant information includes, without limitation, (a) all original receipts and/or original itemised bills together with the diagnosis, type of treatment, procedure, test or service provided; and (b) certificates, reports, evidence, referral letter and other data or materials as reasonably required by AXA for processing of such claim.

You have to notify us if claims cannot be submitted within the above timeframe, otherwise we shall have the right to reject such claims.

**Premium adjustment**

The initial premium is based on the age of the insured person at the time of policy issuance and other factors including but not limited to gender and risk class of the insured person and the benefit level of your policy. Premium rates are not guaranteed and may be adjusted by the Company on a portfolio basis at any of the policy anniversaries if necessary. We consider factors including but not limited to (i) the Company's claims and policy persistency experience and (ii) expected claim outgo from all policies under this plan in future years, reflecting the impact of medical trend, medical cost inflation and product feature revisions.

**Non-payment of premium**

You should pay premiums for the whole of your premium payment term. Any premiums remaining outstanding at the end of the grace period (i.e. 31 days after premium due date) may lead to termination of your policy. You may lose the insurance protection offered by the policy.

**Inflation**

The Company may, subject to the policy contract, revise the future premiums from time to time, such that the adequacy of coverage under the plan can be maintained. Any future premium changes shall be applied on a portfolio basis.

**Termination**

The policy will be automatically terminated on the earliest of the followings:
(a) non-payment of premiums after a grace period of 31 days after the premium due date;
(b) the day immediately following the death of the insured person; or
(c) the Company has ceased to have the requisite authorisation under the Insurance Ordinance to write or continue to write the policy.
Other insurance coverage
If the policy holder has taken out other insurance coverage besides this certified plan, the policy holder shall have the right to claim under any such other insurance coverage or this certified plan. However, if the policy holder or the insured person has already recovered all or part of the expenses from any such other insurance coverage, the Company shall only be liable for such amount of eligible expense, if any, which is not compensated by any such other insurance coverage.

Cost-sharing requirement
The policy holder is required to pay for coinsurance for prescribed diagnostic imaging tests. For the avoidance of doubt, coinsurance does not refer to any amount that the policy holder is required to pay if the actual expenses exceed the benefit limits.

Key exclusions
Under the terms and benefits of the policy contract, the Company shall not pay any benefits in relation to or arising from the following expenses:

1. Expenses incurred for treatments, procedures, medications, tests or services which are not medically necessary.
2. Expenses incurred for the whole or part of the confinement solely for the purpose of diagnostic procedures or allied health services, including but not limited to physiotherapy, occupational therapy and speech therapy, unless such procedure or service is recommended by a registered medical practitioner for medically necessary investigation or treatment of a disability which cannot be effectively performed in a setting for providing medical services to a day patient.
3. Expenses arising from Human Immunodeficiency Virus (“HIV”) and its related disability, which is contracted or occurs before the policy effective date. Irrespective of whether it is known or unknown to the policy holder or the insured person at the time of submission of application, including any updates of and changes to such requisite information (if so requested by the Company under section 8 of part 1 of the policy contract) such disability shall be generally excluded from any coverage of the terms and benefits of the policy contract if it exists before the policy effective date. If evidence of proof as to the time at which such disability is first contracted or occurs is not available, manifestation of such disability within the first 5 years after the policy effective date shall be presumed to be contracted or occur before the policy effective date, while manifestation after such 5 years shall be presumed to be contracted or occur after the policy effective date. However, the exclusion under this entire section 3 shall not apply where HIV and its related disability is caused by sexual assault, medical assistance, organ transplant, blood transfusions or blood donation, or infection at birth, and in such cases the other terms of the benefits of the policy contract shall apply.
4. Expenses incurred for medical services as a result of disability arising from or consequential upon the dependence, overdose or influence of drugs, alcohol, narcotics or similar drugs or agents, self-inflicted injuries or attempted suicide, illegal activity, or venereal and sexually transmitted disease or its sequelae (except for HIV and its related disability, where section 3 above applies).
5. Any charges in respect of services for –
   (a) beautification or cosmetic purposes, unless necessitated by injury caused by an accident and the insured person receives the medical services within 90 days of the accident; or
   (b) correcting visual acuity or refractive errors that can be corrected by fitting of spectacles or contact lens, including but not limited to eye refractive therapy, LASIK and any related tests, procedures and services.
6. Expenses incurred for prophylactic treatment or preventive care, including but not limited to general check-ups, routine tests, screening procedures for asymptomatic conditions, screening or surveillance procedures based on the health history of the insured person and/or his family members, Hair Mineral Analysis (HMA), immunisation or health supplements. For the avoidance of doubt, this section 6 does not apply to –
   (a) treatments, monitoring, investigation or procedures with the purpose of avoiding complications arising from any other medical services provided;
   (b) removal of pre-malignant conditions; and
   (c) treatment for prevention of recurrence or complication of a previous disability.
7. Expenses incurred for dental treatment and oral and maxillofacial procedures performed by a dentist except for emergency treatment and surgery during confinement arising from an accident. Follow-up dental treatment or oral surgery after discharge from hospital shall not be covered.
8. Expenses incurred for medical services and counselling services relating to maternity conditions and its complications, including but not limited to diagnostic tests for pregnancy or resulting childbirth, abortion or miscarriage; birth control or reversal of birth control; sterilisation or sex reassignment of either sex; infertility including in-vitro fertilisation or any other artificial method of inducing pregnancy; or sexual dysfunction including but not limited to impotence, erectile dysfunction or pre-mature ejaculation, regardless of cause.

9. Expenses incurred for the purchase of durable medical equipment or appliances including but not limited to wheelchairs, beds and furniture, airway pressure machines and masks, portable oxygen and oxygen therapy devices, dialysis machines, exercise equipment, spectacles, hearing aids, special braces, walking aids, over-the-counter drugs, air purifiers or conditioners and heat appliances for home use. For the avoidance of doubt, this exclusion shall not apply to rental of medical equipment or appliances during confinement or on the day of the day case procedure.

10. Expenses incurred for traditional Chinese medicine treatment, including but not limited to herbal treatment, bone-setting, acupuncture, acupressure and tui na, and other forms of alternative treatment including but not limited to hypnotherapy, qigong, massage therapy, aromatherapy, naturopathy, hydrotherapy, homeopathy and other similar treatments.

11. Expenses incurred for experimental or unproven medical technology or procedure in accordance with the common standard, or not approved by the recognised authority, in the locality where the treatment, procedure, test or service is received.

12. Expenses incurred for medical services provided as a result of congenital condition(s) which have manifested or been diagnosed before the insured person attained the age of 8 years.

13. Eligible expenses which have been reimbursed under any law, or medical program or insurance policy provided by any government, company or other third party.

14. Expenses incurred for treatment for disability arising from war (declared or undeclared), civil war, invasion, acts of foreign enemies, hostilities, rebellion, revolution, insurrection, or military or usurped power.

For details and the latest list of exclusions, please refer to the policy contract.

If the insured person commits suicide within 1 year from the policy effective date, whether sane or insane, the compassionate death benefit will be limited to a refund of the premiums paid without interest. The amount of paid premiums to be refunded will be calculated from the policy effective date.

**Levy on insurance premium**

Levy collected by the Insurance Authority through the Company will be imposed on the policy at the applicable rate. Policy holders must pay the levy in order to avoid any legal consequences.

**Rights of third parties**

The policy is excluded from the application of the Contracts (Rights of Third Parties) Ordinance (Cap 623 of the Laws of Hong Kong) (“TP Ordinance”). Any person or entity which is not a party to the policy shall have no rights under the TP Ordinance to enforce any terms of the policy.
Remarks

1. The benefit period of WiseGuard Medical is up to age 100 (age at last birthday) of the insured person, subject to the termination of policy as stated in section Important information of this product brochure and in the policy contract.

2. Except for the psychiatric treatment, all covered benefits shall be applicable worldwide, in which case psychiatric treatments will be reimbursed only if they are conducted during confinement in Hong Kong as recommended by a specialist. For details, please refer to the policy contract.

3. Subject to the terms and benefits of the policy contract, you have a guaranteed right to renew the policy by making payment of the prevailing premium on each policy anniversary.

Notes:

- Unless otherwise specified, all ages mentioned in this product brochure refer to the age of the insured person on his or her last birthday.
- The words and expressions “policy anniversary” and “supplement” shown in this product brochure shall carry the same meanings as “renewal date” and “rider” (respectively and where applicable) stated in the policy contract.
- The Company may revise the terms and benefits upon policy renewal for complying with the latest VHIS requirements.
- All types of waiver of premium supplements do not apply to WiseGuard Medical.
