

# Investment options leaflet

The respective Principal Brochures of Signature III Investment Insurance Plan ("Signature III") and Polaris Investment Insurance Plan ("Polaris") consist of the relevant Product Brochure, this Investment Options Leaflet and the relevant Product Key Facts Statement. This Investment Options Leaflet is issued and should be read in conjunction with the Product Brochure and the Product Key Facts Statement of the relevant plan.

#### Investment Risks that may be relevant to your investment

Investment involves risks, including fluctuation of market price of investment. Past performance is not indicative of future performance. It is important for you to know your risk tolerance level and the level of risks associated with your investment before making any investment decisions.

The investment options available under **Signature III / Polaris (whichever is applicable)** can have very different features and risk profiles. Some may be of high risk. You are strongly recommended to read the offering documents of the respective reference funds carefully for the risks associated with the investment. Copies of the offering documents of the reference funds are made available by AXA China Region Insurance Company (Bermuda) Limited (the "Company").

In general, the performance of investment options will be affected by a number of risk factors:

#### **Market Risk**

The fund price of reference fund may fluctuate as a result of a variety of changes in the market and the economy, including but not limited to changes in interest rates, exchange rate, credit rating of the issuer or guarantor, inflation (including actual and outlook) and a general decline in the investment market as a whole.

#### **Counterparty Risk**

Investment may be subject to the credit risk and default risk of the issuer or guarantor.

#### **Liquidity Risk**

The reference fund may invest in instruments where the volume of transactions may fluctuate significantly depending on market sentiment. There is a risk that investments made by the reference fund may become less liquid in response to market developments or adverse investor perceptions.

#### **Currency Risk**

The reference fund that holds assets denominated in non-local currency is subject to the risk of exchange rate fluctuation.

#### List of investment options available under Signature III / Polaris

You should read the offering documents (including the product key facts statements) of the reference funds, which are available from the Company upon request, for details of the reference funds (including, without limitation, their investment objectives and policies, risk factors and charges).

The investment performance of an investment option is calculated by reference to the investment performance of the relevant reference fund(s). You should refer to the product brochure of Signature III / Polaris (whichever is applicable) for the fees and charges of the relevant plan.

Notes:

# First Addendum to Investment Options Leaflet for Signature III Investment Insurance Plan / Polaris Investment Insurance Plan

This first addendum should be read in conjunction with and forms part of the investment options leaflet for Signature III Investment Insurance Plan / Polaris Investment Insurance Plan dated September 2024 (the "Investment Options Leaflet").

1. Change of name of management company "UBS Fund Management (Luxembourg) S.A." of certain reference funds

With immediate effect, all references to "UBS Fund Management (Luxembourg) S.A." in the column "Name of management company of reference fund" of the Investment Options Leaflet shall be changed to "UBS Asset Management (Europe) S.A.".

2. Withdrawal of authorization and termination of investment option "ZEAL Voyage China Fund"

With immediate effect, the information in relation to the investment option "ZEAL Voyage China Fund" on page 14 of the Investment Options Leaflet shall be deleted in its entirety.

3. The name of (i) the investment option "AXA World Funds - Longevity Economy" and (ii) its corresponding reference fund

With immediate effect, the name of (i) the investment option "AXA World Funds - Longevity Economy" and (ii) its corresponding reference fund on page 15 of the Investment Options Leaflet shall be changed to "AXA World Funds - People & Planet Equity".

4. The names of (i) the investment option "Morgan Stanley Investment Funds Global Infrastructure Fund" and (ii) its corresponding reference fund "Morgan Stanley Investment Funds - Morgan Stanley Investment Funds Global Infrastructure Fund"

With immediate effect, the names of (i) the investment option "Morgan Stanley Investment Funds Global Infrastructure Fund" and (ii) its corresponding reference fund "Morgan Stanley Investment Funds - Morgan Stanley Investment Funds Global Infrastructure Fund" on page 17 of the Investment Options Leaflet shall be changed to "Morgan Stanley Investment Funds QuantActive Global Infrastructure Fund" and "Morgan Stanley Investment Funds - Morgan Stanley Investment Funds QuantActive Global Infrastructure Fund" respectively.

- 5. With immediate effect, due to the deletion of the information in relation to the investment option as described in paragraph 2 of this first addendum, all investment options subsequent to the investment option described in paragraph 2 of this first addendum shall be re-numbered accordingly.
- 6. Except as amended by this first addendum, the Investment Options Leaflet remains in full force and effect.

AXA China Region Insurance Company (Bermuda) Limited (Incorporated in Bermuda with limited liability)

January 2025

# Polaris Investment Insurance Plan (the "Scheme")

Dear Valued Customer,

We would like to inform you of certain changes to the reference fund (the "Reference Fund") of the investment option Fidelity Funds - Sustainable Asia Equity Fund (the "Affected Investment Option") provided under the Scheme.

#### **Change of name of Reference Fund**

As informed by Fidelity Funds, they have decided to change the name of the Reference Fund from **Fidelity Funds** - **Sustainable Asia Equity Fund** to **Fidelity Funds** - **Asia Equity ESG Fund** with effect from **28 March 2025** (the **"Effective Date"**).

The name change is designed to deliver consistency across the fund range of Fidelity Funds and does not impact the investment objective or policy of the Reference Fund, which will continue be classified as a ESG fund in Hong Kong<sup>1</sup>.

<sup>1</sup> Pursuant to the SFC's Circular to management companies of SFC-authorised unit trusts and mutual funds – ESG funds dated 29 June 2021, as may be revised from time to time.

As a result of the change of name of the Reference Fund, the name of the investment option and the name of the corresponding reference fund **Fidelity Funds – Sustainable Asia Equity Fund** as described in the Investment Options Leaflet of the Scheme will be changed to **Fidelity Funds – Asia Equity ESG Fund** with effect from the Effective Date.

The Investment Options Leaflet of the Scheme will be updated to reflect the above changes.

#### Additional exclusions to be applied across the Reference Fund

The Reference Fund will apply Paris-aligned Benchmark exclusions in addition to its current ESG exclusions.

Paris-aligned Benchmark exclusions typically exclude fossil fuel companies, high carbon emitters and companies which violate environmental standards. The exclusions are designed to support the transition to a low-carbon economy and climate change mitigation.

If you are an investor of the Affected Investment Option, **no action is required if you accept the above change**. If you do not accept the above change, you may: (i) switch your existing notional units in the Affected Investment Option to other investment option(s) available under the Scheme free of switching fee; and/ or (ii) redirect your future investment option allocation in the Affected Investment Option to other investment option(s) available under the Scheme free of charge.

Investment involves risk. For details regarding the Scheme and its investment options, please refer to the Principal Brochure of the Scheme. For details including the investment objectives and policies, risk factors and charges of the reference funds corresponding to the investment options of the Scheme, please refer to the offering documents (including the product key facts statements) of the reference funds, which are made available free of charge by us upon request.

Should you have any queries, please contact our Customer Service Hotline on (852) 2802 2812 (from 9:00am to 5:30pm, Monday to Friday and 9:00am to 1:00pm on Saturday, except public holidays) or email us at cs@axa.com.hk for Hong Kong, or on (853) 8799 2812 (from 9:00am to 5:30pm, Monday to Friday, except public holidays) or email us at ma.enquiry@axa.com.mo for Macau.

Yours sincerely,

AXA China Region Insurance Company (Bermuda) Limited (Incorporated in Bermuda with limited liability)

This is a computer-generated document. No signature is required.

# **Polaris Investment Insurance Plan (the "Scheme")**

Dear Valued Customer,

We would like to inform you of certain changes to the reference fund (the "Reference Fund") of the investment option AXA World Funds - ACT Emerging Markets Short Duration Bonds Low Carbon (the "Affected Investment Option") provided under the Scheme.

# Reshaping of the investment objective, strategy and management process, and renaming of Reference Fund

The board of directors of AXA World Funds has decided to reshape the Reference Fund's investment objective, strategy and management process in order to (i) remove the "low carbon" feature/focus from its investment objective and selection process, (ii) accordingly rename the Reference Fund as "AXA World Funds - Emerging Markets Short Duration Bonds" in order to comply with the ESMA guidelines on fund's name using Environmental, Social and Governance (ESG) or sustainability-related terms and (iii) update its ESG approach as described below. These changes will take effect on 21 May 2025 (the "Effective Date").

The investment objective of the Reference Fund will be revised as follows, with amendments shown in bold and underlined:

#### "Objective

To seek performance, in USD, from an actively managed short duration emerging debt securities portfolio whose carbon footprint, measured as carbon intensity, is at least 30% lower than that of the index composed of 75% J. P. Morgan Corporate Emerging Market Bond Index Broad Diversified + 25% J. P. Morgan Emerging Market Bond Index Global Diversified (the "Benchmark"). As a secondary 'extrafinancial objective', the water intensity of the portfolio aims also at being at least 30% lower than the Benchmark."

For details on the changes to the Reference Fund's investment strategy, please refer to the "Investment Objective and Strategy" section in its Key Facts Statement, which will be amended in due course.

In addition, the main amendments to the SFDR annex of the Reference Fund will be as follows:

- the Reference Fund will no longer invest in issuers considering their carbon intensity and their water intensity but rather in issuer considering the ESG scores (i.e. internal scoring methodology based on both external data provided by external provider and internal fundamental analysis, providing a standardized and holistic view on the performance of issuers on ESG factors and enable to both promote environmental and social factors and further incorporate ESG risks and opportunities in the investment decision);
- the sustainability indicator used by the Reference Fund to measure the attainment of each of the environmental or social characteristics promoted will consequently be the weighted average ESG score of the Reference Fund and that of the benchmark;
- principal adverse impacts will additionally be mitigated by stewardship policies; and
- as a binding element, the Reference Fund will always outperform the ESG score of the benchmark, both ESG scores of the Reference Fund and the benchmark being calculated on a weighted average basis.

As a result of the above changes, ESG consideration will no longer be a key investment focus of the Reference Fund, and hence, the Reference Fund will no longer be classified as an ESG fund in Hong Kong pursuant to the Securities and Futures Commission's circular to management companies of SFC-authorised unit trusts and mutual funds – ESG funds dated 29 June 2021, as may be revised from time to time. Moreover, the Reference Fund will no longer be exposed to low carbon emission concentration risk, and will be exposed to ESG risk with lesser extent.

However, it is not anticipated that the above changes will have a material impact on (i) the risk profile and (ii) the portfolio composition of the Reference Fund. Except for the above changes themselves, there are no other changes in (i) the manner in which the Reference Fund is being managed; and (ii) the level of fees payable by the Reference Fund and its shareholders or costs in managing the Reference Fund. It is not expected that its shareholders will be materially prejudiced as a result of the above changes.

All of the costs incurred in connection with the above changes will be borne by the management company of the Reference Fund from the applied service fee which is currently charged at a fixed rate based on the Reference Fund's net asset value. For the avoidance of doubt, portfolio rebalancing is not required for implementing the above changes. There will not be any additional costs to be borne by the Reference Fund and/or its shareholders in connection with the above changes.

As a result of the change of name of the Reference Fund, the name of the investment option and the name of the corresponding reference fund **AXA World Funds - ACT Emerging Markets Short Duration Bonds Low Carbon** as described in the Investment Options Leaflet of the Scheme will be changed to **AXA World Funds - Emerging Markets Short Duration Bonds** with effect from the Effective Date.

The Investment Options Leaflet of the Scheme will be updated to reflect the above change(s).

If you are an investor of the Affected Investment Option, **no action is required if you accept the above changes**. If you do not accept the above changes, you may: (i) switch your existing notional units in the Affected Investment Option to other investment option(s) available under the Scheme free of switching fee; and/ or (ii) redirect your future investment option allocation in the Affected Investment Option to other investment option(s) available under the Scheme free of charge.

Investment involves risk. For details regarding the Scheme and its investment options, please refer to the Principal Brochure of the Scheme. For details including the investment objectives and policies, risk factors and charges of the reference funds corresponding to the investment options of the Scheme, please refer to the offering documents (including the product key facts statements) of the reference funds, which are made available free of charge by us upon request.

Should you have any queries, please contact our Customer Service Hotline on (852) 2802 2812 (from 9:00am to 5:30pm, Monday to Friday and 9:00am to 1:00pm on Saturday, except public holidays) or email us at cs@axa.com.hk for Hong Kong, or on (853) 8799 2812 (from 9:00am to 5:30pm, Monday to Friday, except public holidays) or email us at ma.enquiry@axa.com.mo for Macau.

Yours sincerely,

AXA China Region Insurance Company (Bermuda) Limited (Incorporated in Bermuda with limited liability)

# **Polaris Investment Insurance Plan (the "Scheme")**

Dear Valued Customer,

We would like to inform you of certain change to the reference fund (the "Reference Fund") of the investment option BNP Paribas Funds Energy Transition (the "Affected Investment Option") provided under the Scheme.

#### **Change of name of Reference Fund**

As informed by the board of directors of BNP Paribas Funds, the name of the Reference Fund will be amended from **BNP Paribas Funds Energy Transition** to **BNP Paribas Funds Clean Energy Solutions**, effective **21 May 2025** (the "**Effective Date**"), to better reflect the nature of the investment strategy.

The change above will have no impact on (i) the portfolio composition, (ii) the way the Reference Fund is managed, and (iii) the risk profile.

The change above will not result in any increment in fees level or costs in managing the Reference Fund. In addition, no costs or expenses will be incurred in connection with the change. The change would not materially change the features and overall risk profile of the Reference Fund. There would be no change in the operations or the manner in which the Reference Fund is being managed. Further, the change would not materially prejudice the rights of interest of the existing investors of the Reference Fund.

As a result of the change of name of the Reference Fund, the name of the investment option and the name of the corresponding reference fund **BNP Paribas Funds Energy Transition** as described in the Investment Options Leaflet of the Scheme will be changed to **BNP Paribas Funds Clean Energy Solutions** with effect from the Effective Date.

The Investment Options Leaflet of the Scheme will be updated to reflect the above change.

If you are an investor of the Affected Investment Option, **no action is required if you accept the above change**. If you do not accept the above change, you may: (i) switch your existing notional units in the Affected Investment Option to other investment option(s) available under the Scheme free of switching fee; and/ or (ii) redirect your future investment option allocation in the Affected Investment Option to other investment option(s) available under the Scheme free of charge.

Investment involves risk. For details regarding the Scheme and its investment options, please refer to the Principal Brochure of the Scheme. For details including the investment objectives and policies, risk factors and charges of the reference funds corresponding to the investment options of the Scheme, please refer to the offering documents (including the product key facts statements) of the reference funds, which are made available free of charge by us upon request.

Should you have any queries, please contact our Customer Service Hotline on (852) 2802 2812 (from 9:00am to 5:30pm, Monday to Friday and 9:00am to 1:00pm on Saturday, except public holidays) or email us at cs@axa.com.hk for Hong Kong, or on (853) 8799 2812 (from 9:00am to 5:30pm, Monday to Friday, except public holidays) or email us at ma.enquiry@axa.com.mo for Macau.

Yours sincerely,

AXA China Region Insurance Company (Bermuda) Limited (Incorporated in Bermuda with limited liability)

# **Polaris Investment Insurance Plan (the "Scheme")**

Dear Valued Customer,

We would like to inform you of certain changes to the reference funds (each the "Reference Fund" and collectively the "Reference Funds") of the following investment options (the "Affected Investment Options") provided under the Scheme.

| Affe | ected Investment Option   | Reference Fund |   |  |
|------|---|----------------|---|--|
| 1)   | AXA World Funds - Asian Short Duration Bonds                    | 1)             | AXA World Funds - Asian Short Duration Bonds      |  |
| 2)   | AXA World Funds - Asian Short Duration Bonds A Dis st (CNH Hgd) | 2)             | AXA World Funds - Asian Short Duration Bonds      |  |
| 3)   | AXA World Funds - Asian Short Duration Bonds A Dis st (HKD Hgd) | 3)             | AXA World Funds - Asian Short Duration Bonds      |  |
| 4)   | AXA World Funds - Emerging Markets Short Duration               | 4)             | AXA World Funds - Emerging Markets Short Duration |  |
|      | Bonds   |                | Bonds   |  |
| 5)   | AXA World Funds - Global High Yield Bonds                       | 5)             | AXA World Funds - Global High Yield Bonds         |  |
| 6)   | AXA World Funds - Global High Yield Bonds A Dis st (HKD         | 6)             | AXA World Funds - Global High Yield Bonds         |  |
|      | Hgd)  |                |   |  |
| 7)   | AXA World Funds - Global Strategic Bonds                        | 7)             | AXA World Funds - Global Strategic Bonds          |  |
| 8)   | AXA World Funds - People & Planet Equity                        | 8)             | AXA World Funds - People & Planet Equity          |  |
| 9)   | AXA World Funds - US High Yield Bonds                           | 9)             | AXA World Funds - US High Yield Bonds             |  |

As informed by the board of directors of AXA World Funds (the "Board"), they have decided to introduce a number of changes to the Hong Kong Offering Memorandum and/or the Product Key Facts Statements ("KFS"), effective <u>8 September 2025</u> (the "Effective Date"), to enable the Board to look after the interests of its shareholders more effectively.

#### 1. Investments in subordinated debts by certain Reference Funds

To provide greater flexibility for capturing market opportunities, the Board has decided enabling the following Reference Funds to invest in subordinated debts (including perpetual bonds for the relevant Reference Fund). The expected aggregate maximum exposure in respect of each of these Reference Funds to debt instruments with loss-absorption features ("LAP") (such as contingent convertible bonds ("CoCos"), subordinated debts, external total loss-absorbing capacity debt instruments, debt instruments classified as Additional Tier 1 / Tier 2 capital instruments under the resolution regime for financial institution, etc.) is also added as set out below for clarification in compliance with the Hong Kong local regulatory requirements. LAP may be subject to contingent write-down or contingent conversion to ordinary shares on the occurrence of trigger event(s), upon which the investment manager of the Reference Funds will assess the suitability of any new instrument and will hold or divest of the same as appropriate.

| Name of the Reference Fund                                 | Expected aggregate maximum exposure to LAP (% of net assets) | Exposure limit on subordinated debts (% of net assets) |
|--|--|--|
| AXA World Funds - Asian Short Duration Bonds               | up to 50%  | up to 50%  |
| AXA World Funds - Emerging<br>Markets Short Duration Bonds | up to 30%  | up to 30%  |
| AXA World Funds - Global High                              | up to 25%  | up to 25%  |

| Yield Bonds                     |           |           |
|---------------------------------|-----------|-----------|
| AXA World Funds - US High Yield | up to 25% | up to 25% |
| Bonds                           |           |           |

For the avoidance of doubt, there is no change to the exposure limit on CoCos for these Reference Funds.

As a consequence of the above changes, "subordinated debts risk" has been added in the "Risk Factors" subsection of the "Sub-Fund Descriptions" section in respect of these Reference Funds in the Hong Kong Offering Memorandum of AXA World Funds. "Risks associated with investment in debt instruments with loss-absorption features" and "Subordinated debts risk" as set out below are highlighted as key risk factors in the KFS of AXA World Funds - Emerging Markets Short Duration Bonds and AXA World Funds - Asian Short Duration Bonds, in light of the potential substantial exposure to LAP and subordinated debts for these Reference Funds.

"Risks associated with investments in debt instruments with loss-absorption features: The Sub-Fund may invest in LAP which are subject to greater risks when compared to traditional debt instruments as such instruments are typically subject to the risk of being written down or converted to ordinary shares upon the occurrence of trigger event(s) (e.g. when the issuer is near or at the point of non-viability or when the issuer's capital ratio falls to a specified level), which are likely to be outside of the issuer's control. Such trigger events are complex and difficult to predict and may result in a significant or total reduction in the value of such instruments.

In the event of the activation of a trigger, there may be potential price contagion and volatility to the entire asset class. LAP may also be exposed to liquidity, valuation and sector concentration risk."

"Subordinated debts risk: The Sub-Fund may invest in subordinated debts, including perpetual debts that have no maturity date. Subordinated debt is debt which, in the case of insolvency of the issuer, ranks after senior debts in relation to repayment. Because subordinated debt is repayable after senior debts have been re-paid, the chance of receiving any repayment on insolvency is reduced and therefore subordinated debt represents a greater risk to the investor. These securities generally have a lower rating than senior debt issued by the same issuer.

Depending on the jurisdiction of the issuer, a financial regulator with supervisory authority may use statutory powers and deem the issuer of subordinated debt to have reached a point of non-viability, meaning that public intervention would be necessary. Under such conditions, some subordinated debt securities may absorb losses prior to bankruptcy.

The liquidity for such investments in stressed market environments may be limited, negatively impacting the price they may be sold at, which in turn may negatively impact the Sub-Fund's performance."

#### 2. Amendment to the investment objective and strategy of "AXA World Funds - People & Planet Equity"

The Board has decided to (i) amend the objective and investment strategy of the Reference Fund to harmonize them across the equity funds of the same range applying an impact approach with a streamlined description and better reflect its environmental, social and governance (**ESG**) approach and (ii) remove the exposure limit for the Reference Fund to invest up to 20% of its net assets in money market funds and bank deposits for greater flexibility.

The major changes in the revised "Investment Objective and Strategy" section in the KFS of the Reference Fund will read as follows, with amendments shown in bold and underlined:

#### "Objective

To seek both long-term growth of your investment, in USD, from an actively managed listed equity and equity-related securities portfolio, and a sustainable investment objective to advance the United Nations Sustainable Development Goals (SDGs) by investing into companies whose **business models and/or operational practicesproducts and services** are aligned with targets defined by one or more SDGs **and that address climate change, protect biodiversity and/or foster social progress, and** by applying an impact approach.

#### **Investment Strategy**

The Sub-Fund invests in large, medium and small sized companies in developed and emerging markets (the "Investment Universe").

**Specifically, at all times the The** Sub-Fund invests at least two-thirds of its net assets in equities and equity-related securities **worldwide** of listed companies **that demonstrate a strategic commitment to making products, supplying services and/or introducing and maintaining operational behaviour which provides innovative, impactful and commercial solutions to multiple environmental and/or social challenges (such as energy transition, protection** of any market capitalization (the "Investment Universe") that address climate change, protect biodiversity, and foster social progress).

The Sub-Fund is not subject to any limitation on the portion of its net assets that may be invested in any one country or region.

The Sub-Fund may also invest up to 20% of its net assets in money market instruments, money market funds and bank deposits.

The Sub-Fund may invest up to 10% of net assets in China A Shares listed in the Shanghai Hong-Kong Stock Connect.

#### The Sub-Fund may invest up to one-third of its net assets in money market instruments.

The Sub-Fund may invest up to 10% of net assets in collective investment schemes structured as UCITS and/or UCIs that are classified as Articles 9 SFDR products (excluding money market funds) (as defined and described in the Hong Kong Offering Memorandum)."

For full details of the changes, please refer to the offering documents of the Reference Fund.

For the avoidance of doubt, ESG consideration will continue to be a key investment focus of the Reference Fund, and hence, the Reference Fund will remain to be classified as an ESG fund in Hong Kong pursuant to the Securities and Futures Commission (**SFC**)'s circular to management companies of SFC-authorised unit trusts and mutual funds – ESG funds dated 29 June 2021, as may be revised from time to time.

#### 3. Renaming and amendment to the investment strategy of "AXA World Funds - Global Strategic Bonds"

The Board has decided to (i) rename the Reference Fund as "Global Strategic Income" in order to greater reflect the focus on income and (ii) amend the investment strategy of the Reference Fund in order to enable the Reference Fund to invest in perpetual bonds (i.e. bonds without maturity date) up to 15% of its net assets.

As a result of the change of name of the Reference Fund, the name of the investment option and the name of the corresponding reference fund **AXA World Funds - Global Strategic Bonds** as described in the Investment Options Leaflet of the Scheme will be changed to **AXA World Funds - Global Strategic Income** with effect from

the Effective Date. The Investment Options Leaflet of the Scheme will be updated to reflect such changes.

It is not anticipated that the changes described in this notice will have an impact on (i) the risk profiles and (ii) the portfolio composition of the Reference Funds. Except for the above changes themselves, there are no other changes in (i) the manner in which the Reference Funds are being managed; and (ii) the level of fees payable by the Reference Funds and their shareholders or costs in managing the Reference Funds. It is not expected that the shareholders of the Reference Funds will be materially prejudiced as a result of the above changes.

All of the costs incurred in connection with the above changes will be borne by the management company of Reference Funds from the applied service fee which is currently charged at a fixed rate based on the respective Reference Funds' net asset value. For the avoidance of doubt, portfolio rebalancing is not required for implementing the above changes. There will not be any additional costs to be borne by these Reference Funds and/or their shareholders in connection with the above changes.

If you are an investor of any Affected Investment Options, **no action is required if you accept the above changes**. If you do not accept the above changes, you may: (i) switch your existing notional units in the Affected Investment Option(s) to other investment option(s) available under the Scheme free of switching fee; and/ or (ii) redirect your future investment option allocation in the Affected Investment Option(s) to other investment option(s) available under the Scheme free of charge.

Investment involves risk. For details regarding the Scheme and its investment options, please refer to the Principal Brochure of the Scheme. For details including the investment objectives and policies, risk factors and charges of the reference funds corresponding to the investment options of the Scheme, please refer to the offering documents (including the product key facts statements) of the reference funds, which are made available free of charge by us upon request.

If you have any queries, (for Hong Kong) please contact our Customer Service Hotline on (852) 2802 2812 (Monday to Friday from 9:00 am to 5:30 pm and Saturday from 9:00 am to 1:00 pm, except on public holidays) or email us at cs@axa.com.hk; (for Macau) please contact our Customer Service Hotline on (853) 8799 2812 (Monday to Friday from 9:00 am to 5:30 pm, except on Saturday, Sunday, and banking holidays) or email us at ma.enquiry@axa.com.mo.

Yours sincerely,

AXA China Region Insurance Company (Bermuda) Limited (Incorporated in Bermuda with limited liability)

## **Polaris Investment Insurance Plan (the "Scheme")**

Dear Valued Customer,

#### Change of reference fund for FTGF ClearBridge US Aggressive Growth Fund

We would like to inform you that the reference fund corresponding to the investment option **FTGF ClearBridge US Aggressive Growth Fund** (the "Affected Investment Option"), which is available under the Scheme, will be changed on the Effective Date (as defined below).

As informed by the management company of the Reference Fund (the "Manager"), there is a proposal to merge the reference fund of the Affected Investment Option, Franklin Templeton Global Funds plc - FTGF ClearBridge US Aggressive Growth Fund (the "Merging Reference Fund"), into Franklin Templeton Global Funds plc - FTGF ClearBridge Global Growth Leaders Fund (the "Receiving Reference Fund") (the "Reference Fund Merger") with effect from 31 October 2025 (the "Effective Date") subject to the approval of the Reference Fund Merger in the extraordinary general meeting to be held on 3 October 2025 (the "EGM").

#### Rationale for the Reference Fund Merger

As at 30 June 2025, the fund size of the Merging Reference Fund was approximately USD 180.33 million, and the fund size of the Receiving Reference Fund was approximately USD 41.76 million.

The Reference Fund Merger is being proposed for a variety of reasons outlined below. Following a strategic review by the investment manager of the Merging Reference Fund (the "Investment Manager") in consultation with the Manager, it has been determined that:

- Since inception of the Receiving Reference Fund, it has delivered investors a superior investment return to date. Generally, the Receiving Reference Fund has achieved a higher return of around 68% when compared to the Merging Reference Fund as at 30 June 2025.
- The Receiving Reference Fund typically has over 50% exposure to US equities. Whilst there is some difference between the Receiving Reference Fund and Merging Reference Fund, when looking at where revenue is generated for the underlying portfolio companies, they are materially similar. Therefore, both funds are similarly exposed to the strength of the US economy. As a result, the Reference Fund Merger offers investors access to a fund (the Receiving Reference Fund) which has better long-term prospects with better historical returns whilst maintaining similar exposure to the US economic strength.
- The Reference Fund Merger will increase the assets of Receiving Reference Fund, resulting in all investors in the Receiving Reference Fund (including shareholders in the Merging Reference Fund after the Reference Fund Merger) benefiting from economies of scale. It is hoped that a larger pool of assets in the Receiving Reference Fund post-Reference Fund Merger should help to reduce the operating and administrative costs of the Receiving Reference Fund over time. The Manager believes that the Receiving Reference Fund is a better long-term prospect for shareholders, as it is anticipated that the Receiving

- Reference Fund will have the potential to grow significantly in the future.
- In the opinion of the Manager, the Reference Fund Merger is in the best interest to the shareholders of the Merging Reference Fund and Receiving Reference Fund.

#### Key aspects of the Reference Fund Merger and its Impact to the shareholders of the Merging Reference Fund

Following the Reference Fund Merger, the Merging Reference Fund shall be dissolved without going to liquidation since its holdings will be merged into the Receiving Reference Fund on the Effective Date. If shareholders of the Merging Reference Fund participate in the Reference Fund Merger, they will become shareholders of the Receiving Reference Fund on 3 November 2025 (Irish Time).

There is a risk that significant redemption in the Merging Reference Fund may occur prior to the Reference Fund Merger, which may reduce the assets received by the Receiving Reference Fund through the Reference Fund Merger. To protect the interests of remaining shareholders, a dilution adjustment mechanism may also be adopted by the Merging Reference Fund.

The Merging Reference Fund is no longer allowed to be marketed to the public in Hong Kong and shall not accept subscription from new investors from 22 July 2025. Existing shareholders of the Merging Reference Fund will not be able to buy, switch or sell (redeem) shares in the Merging Reference Fund after 5:00 p.m. on 28 October 2025 (Hong Kong Time) (the "Last Dealing Deadline").

On the Effective Date, shareholders of the Merging Reference Fund will receive corresponding shares in the Receiving Reference Fund ("**New Shares**") that are, as nearly as is practicable, equal in value to the shares that they own in the Merging Reference Fund.

The number of New Shares to be allocated to shareholders of the Merging Reference Fund will be based on the respective net asset value per share of the Merging Reference Fund and Receiving Reference Fund as at the Effective Date and will be determined by multiplying the number of shares held in the relevant class of the Merging Reference Fund by the exchange ratio. The exchange ratio for each class will be calculated by dividing the net asset value per share of such class in the Merging Reference Fund calculated on the Effective Date by the net asset value per share in the corresponding share class in the Receiving Reference Fund calculated at the same time on the Effective Date.

There are no unamortised preliminary expenses relating to the Merging Reference Fund and Receiving Reference Fund. The Manager will bear all the costs and expenses of the Reference Fund Merger. This includes any legal, advisory and administrative costs, as well as rebalancing costs and costs associated with the transfer of assets and subsequent liquidation of the Merging Reference Fund.

#### Impact to the Scheme

1. Change of reference fund of Affected Investment Option

If the Reference Fund Merger is not approved in the EGM, the reference fund of the Affected Investment Option will remain as the Merging Reference Fund. We will inform you of this situation through notices published on the AXA website.

If the Reference Fund Merger is approved in the EGM, the reference fund of the Affected Investment Option will be changed from the Merging Reference Fund to the Receiving Reference Fund from the Effective Date

(the "Reference Fund Replacement") as a result of the Reference Fund Merger. From the Effective Date, the unit price and investment performance of the Affected Investment Option will be determined by the Company with reference to the price and investment performance of the Receiving Reference Fund. The name of the Affected Investment Option will also be renamed as FTGF ClearBridge Global Growth Leaders Fund from the Effective Date.

Both the Merging Reference Fund and Receiving Reference Fund share similar investment objective (i.e. to generate long-term capital appreciation), management team (i.e. Franklin Templeton International Services S.à r.l. acts as the Manager for the Merging Reference Fund and Receiving Reference Fund and ClearBridge Investments, LLC acts as the Investment Manager for the Merging Reference Fund and Receiving Reference Fund), risk management process (i.e. the Merging Reference Fund and Receiving Reference Fund share the same risk management process), comparable risk profiles (i.e. the Merging Reference Fund and Receiving Reference Fund share similar levels of risk) and fees and expenses. As of 30 June 2025, 6.8% of the Merging Reference Fund's portfolio is invested in securities already held in common with the Receiving Reference Fund.

However, there are certain differences between the Merging Reference Fund and Receiving Reference Fund, which you should consider carefully. Although the Merging Reference Fund and Receiving Reference Fund both share the same investment objective, the Merging Reference Fund invests principally in common stocks of US companies that are listed or traded on regulated markets in the United States whereas the Receiving Reference Fund invests principally in equity securities that are listed or traded on regulated markets located anywhere in the world. Furthermore, certain key risks, such as the risk of emerging markets, apply only to the Receiving Reference Fund and not to the Merging Reference Fund. Conversely, risks like debt securities risk, US markets risk, and smaller company risk are only applicable to the Merging Reference Fund. Please see the offering documents of Franklin Templeton Global Funds plc for the above risk descriptions.

For a summary of changes of the Affected Investment Option due to the Reference Fund Replacement, please refer to the Appendix to this notice.

Please note that: (i) the pricing arrangements of the Affected Investment Option remain unchanged as a result of the Reference Fund Replacement; (ii) expenses relating to the Reference Fund Replacement will be borne by the Company; and (iii) as the unit price of the Affected Investment Option immediately before the Reference Fund Replacement is different from that upon the Reference Fund Replacement, the number of notional units of the Affected Investment Option held by you will be adjusted accordingly upon the Reference Fund Replacement such that the total value of notional units of the Affected Investment Option held by you will not change as a result of the Reference fund Replacement.

2. Special dealing arrangement and actions to be taken

As the Merging Reference Fund will not accept the redemption and subscription request from its existing shareholders after the Last Dealing Deadline, please note the following special dealing arrangement and take necessary action as you may deem fit:

(1) Selection of the Affected Investment Option in your new investment option allocation instruction, for the purpose of allocating the premium you contribute and/or bonuses awarded to your policy (if any), shall not be allowed with immediate effect until the Effective Date (inclusive) unless your current investment option allocation instruction has included the Affected Investment Option.

- (2) Switching notional units into the Affected Investment Option is not allowed for all policyholders with immediate effect until the Effective Date (inclusive).
- (3) If you hold existing notional units in the Affected Investment Option and if you want to redeem or switch out your notional units in the Affected Investment Option <u>before the Effective Date</u>, you can submit your instruction to us, free of charge, to redeem your existing notional units in the Affected Investment Option ^ or switch your existing notional units in the Affected Investment Option to other investment option(s) under the Scheme, free of charge, at anytime up to 12:00 noon (for paper submission) or 4:00pm (for online submission) on **27 October 2025**.
- (4) If you have selected the Affected Investment Option under the Scheme in your current investment option allocation instruction with respect to your premium / bonuses to be awarded (if any) under the Scheme, and you want to redirect your future investment option allocation in the Affected Investment Option to other investment option(s) available under the Scheme free of charge <u>before the Effective Date</u>, you must submit your instruction to us, free of charge, at anytime up to 12:00 noon (for paper submission) or 4:00pm (for online submission) on **27 October 2025**.

^Your instruction to withdraw the proceeds of redemption from your account will be subject to the requirement of minimum account balance and early encashment charge (if applicable).

After the Reference Fund Replacement, dealing of Affected Investment Option will resume to normal on 3 November 2025.

The Investment Options Leaflet of the Scheme will be updated to reflect the above changes.

Investment involves risk. For details regarding the Scheme and its investment options, please refer to the Principal Brochure of the Scheme. For details including the investment objectives and policies, risk factors and charges of the reference funds corresponding to the investment options of the Scheme (including the Receiving Reference Fund), please refer to the offering documents (including the product key facts statements) of the reference funds, which are made available free of charge by us upon request.

If you have any queries, (for Hong Kong) please contact our Customer Service Hotline on (852) 2802 2812 (Monday to Friday from 9:00 am to 5:30 pm and Saturday from 9:00 am to 1:00 pm, except on public holidays) or email us at cs@axa.com.hk; (for Macau) please contact our Customer Service Hotline on (853) 8799 2812 (Monday to Friday from 9:00 am to 5:30 pm, except on Saturday, Sunday, and banking holidays) or email us at ma.enquiry@axa.com.mo.

Yours sincerely,

AXA China Region Insurance Company (Bermuda) Limited (Incorporated in Bermuda with limited liability)

## **Polaris Investment Insurance Plan (the "Scheme")**

Dear Valued Customer,

#### Change of reference fund for Templeton European Small-Mid Cap Fund

We would like to inform you that the reference fund corresponding to the investment option **Templeton European Small-Mid Cap Fund** (the "Affected Investment Option"), which is available under the Scheme, will be changed with effect from <u>16 January 2026</u> (the "Effective Date").

As informed by Franklin Templeton Investment Funds, its board of directors (the "Board of Directors") has decided to merge the reference fund of the Affected Investment Option, Franklin Templeton Investment Funds - Templeton European Small-Mid Cap Fund (the "Merging Reference Fund"), into Franklin Templeton Investment Funds - Templeton European Insights Fund (the "Receiving Reference Fund") (the "Reference Fund Merger") with effect from the Effective Date.

#### Background and rationale for the Reference Fund Merger

The Merging Reference Fund was launched in December 2001 and on 29 September 2025, it was valued at USD 97,319,250. The relatively small size and reduced future demand makes it economically unattractive to run as an independent entity. The Receiving Reference Fund was launched in January 1999 and on 29 September 2025, it was valued at USD 235,940,905.

Based on the above and below mentioned information, the Board of Directors has decided, in accordance with Article 66(4) of the Luxembourg law of 17 December 2010 on undertakings for collective investment, as amended from time to time and Article 28 of the articles of incorporation of Franklin Templeton Investment Funds, as amended from time to time, to merge the Merging Reference Fund into the Receiving Reference Fund.

#### Reference Fund Merger procedure

To facilitate the Reference Fund Merger, the Merging Reference Fund is no longer allowed to be marketed to the public in Hong Kong and shall not accept subscriptions from new investors with effect from 15 October 2025. Existing shareholders of the Merging Reference Fund will not be permitted to purchase additional shares, redeem, switch or transfer their holdings of shares in the Merging Reference Fund after 4:00 p.m. (Hong Kong time) on 9 January 2026 (the "**Dealing Deadline**"). Following the merger of the reference funds, shares in the Receiving Reference Fund are available for redemption, switching and transfer starting from 19 January 2026.

On the Effective Date, the Merging Reference Fund will transfer all its assets and liabilities ("**Net Assets**") to the Receiving Reference Fund. The Net Assets of the Merging Reference Fund will be valued as of the Effective Date in accordance with the valuation principles of the offering documents of Franklin Templeton Investment Funds. There are no outstanding unamortized preliminary expenses in relation to the Merging Reference Fund and the

#### Receiving Reference Fund.

Approximately four (4) business days prior to the Effective Date, the portfolio of the Merging Reference Fund will be rebalanced to mirror the holdings of the Receiving Reference Fund. The portfolio of the Merging Reference Fund may not remain in compliance with its original investment policy during the rebalancing exercise. In the best interests of investors, it is expected that a substantial portion of the Merging Reference Fund's portfolio will be transferred in kind to the Receiving Reference Fund's portfolio on the Effective Date. The actual portion of assets transferred in kind and sold for cash, if applicable, may be different depending on the market conditions on or around the Effective Date.

On the Effective Date, shareholders of the Merging Reference Fund will automatically become shareholders of the Receiving Reference Fund and will receive shares of the corresponding share class in the Receiving Reference Fund ("New Shares"). The number of New Shares to be allocated to shareholders of the Merging Reference Fund will be determined by multiplying the number of shares held in the relevant class of the Merging Reference Fund by the exchange ratio. The exchange ratio for each class will be calculated by dividing the net asset value per share of such class in the Merging Reference Fund calculated on the Effective Date by the net asset value per share in the corresponding share class in the Receiving Reference Fund calculated at the same time on the Effective Date.

While the number of New Shares of the Receiving Reference Fund received may differ from what a shareholder had in the Merging Reference Fund, the aggregate value of the New Shares of the Receiving Reference Fund to be issued to a shareholder of the Merging Reference Fund on the Effective Date will be equal to the aggregate value of the shares of the Merging Reference Fund held by such shareholder on the Effective Date, subject to rounding adjustments.

The expenses incurred in connection with the Reference Fund Merger (including legal, accounting, custody and other administration costs) will be borne by the management company of the Merging Reference Fund, while the transaction cost (which are anticipated to be approximately 0.10% of the Merging Reference Fund's net asset value as at 29 September 2025) associated with the disposal of any investments of the Merging Reference Fund will be borne by the Merging Reference Fund. The actual transaction costs may vary depending on market liquidity, fund size, and other factors at the time of Reference Fund Merger. Shareholders of the Merging Reference Fund who submit a valid request to redeem, switch or transfer their shares of the Merging Reference Fund no later than the Dealing Deadline will not have to bear the transaction costs associated with the disposal of any investments that would not be appropriate for the investment policy of the Receiving Reference Fund.

#### Impact to the Scheme

1. Change of reference fund of Affected Investment Option

As a result of the Reference Fund Merger, the reference fund of the Affected Investment Option will be changed from the Merging Reference Fund to the Receiving Reference Fund from the Effective Date (the "Reference Fund Replacement"). From the Effective Date, the unit price and investment performance of the Affected Investment Option will be determined by the Company with reference to the price and investment performance of the Receiving Reference Fund. The name of the Affected Investment Option will also be renamed as **Templeton European Insights Fund** from the Effective Date.

The Merging Reference Fund's investment objective is capital appreciation by investing principally in equity

and equity-related securities of small and mid-cap companies incorporated or having their principal business activities in European countries. The Environmental, Social, and Governance ("ESG") factors are also an integral component of its fundamental investment research and decision process. Whereas the Receiving Reference Fund's investment objective is also capital appreciation, which it seeks to achieve primarily through a policy of investing in equity securities of companies of any market capitalization incorporated or having their principal business activities in European countries. ESG factors are also an integral component of its fundamental investment research and decision process.

Because both the Merging Reference Fund and the Receiving Reference Fund share similar investment objectives (i.e. capital appreciation), the fundamental analysis approach to investing, management company (i.e. both the Merging Reference Fund and the Receiving Reference Fund have the same management company, i.e. Franklin Templeton International Services S.à r.l.), risk management process (i.e. both the Merging Reference Fund and the Receiving Reference Fund share the same risk management process), comparable risk profiles (i.e. the Merging Reference Fund and the Receiving Reference Fund share similar levels of risk), fees and expenses and target investor profiles, the Board of Directors believes that it is in the best interests of investors to merge the Merging Reference Fund and the Receiving Reference Fund and focus on a single portfolio. It is anticipated that the Reference Funds Merger and focusing on a single portfolio shall bring additional savings to investors. As of 29 September 2025, 46% of the Merging Reference Fund's portfolio is invested in securities already held in common with the Receiving Reference Fund.

There are certain differences between the Merging Reference Fund and the Receiving Reference Fund, which you should consider carefully. While both the Merging Reference Fund and the Receiving Reference Fund share the same investment objective of capital appreciation, they differ in their target investments. The Merging Reference Fund focuses on small and mid-cap companies that are incorporated or having their principal business activities in European countries, whereas the Receiving Reference Fund invests broadly across companies of all market capitalizations provided they are incorporated or having their principal business activities in European countries. The Merging Reference Fund and the Receiving Reference Fund are managed by different investment management teams, as Franklin Templeton Investment Management Limited is the investment manager of the Merging Reference Fund while Franklin Templeton Investment Management Limited and Franklin Templeton Investments Corp. are the investment managers of the Receiving Reference Fund. Furthermore, certain risks (e.g. structured notes risk) apply only to the Receiving Reference Fund but not to the Merging Reference Fund. Conversely, risks like growth stocks risk and warrants risk are only applicable to the Merging Reference Fund.

For a summary of changes of the Affected Investment Option due to the Reference Fund Replacement, please refer to the Appendix to this notice.

Please note that: (i) the pricing arrangements of the Affected Investment Option remain unchanged as a result of the Reference Fund Replacement; (ii) expenses relating to the Reference Fund Replacement will be borne by the Company; and (iii) as the unit price of the Affected Investment Option immediately before the Reference Fund Replacement is different from that upon the Reference Fund Replacement, the number of notional units of the Affected Investment Option held by you will be adjusted accordingly upon the Reference Fund Replacement such that the total value of notional units of the Affected Investment Option held by you will not change as a result of the Reference fund Replacement.

#### 2. Special dealing arrangement and actions to be taken

As the Merging Reference Fund will not accept the redemption and subscription request from its existing

shareholders after the Last Dealing Deadline, please note the following special dealing arrangement and take necessary action as you may deem fit:

- (1) Selection of the Affected Investment Option in your new investment option allocation instruction, for the purpose of allocating the premium you contribute and/or bonuses awarded to your policy (if any), shall not be allowed with immediate effect until the Effective Date (inclusive) unless your current investment option allocation instruction has included the Affected Investment Option.
- (2) Switching notional units into the Affected Investment Option is not allowed for all policyholders with immediate effect until the Effective Date (inclusive).
- (3) If you hold existing notional units in the Affected Investment Option and if you want to redeem or switch out your notional units in the Affected Investment Option before the Effective Date, you can submit your instruction to us, free of charge, to redeem your existing notional units in the Affected Investment Option ^ or switch your existing notional units in the Affected Investment Option(s) under the Scheme, free of charge, at anytime up to 12:00 noon (for paper submission) or 4:00pm (for online submission) on 8 January 2026.
- (4) If you have selected the Affected Investment Option under the Scheme in your current investment option allocation instruction with respect to your premium / bonuses to be awarded (if any) under the Scheme, and you want to redirect your future investment option allocation in the Affected Investment Option to other investment option(s) available under the Scheme free of charge <u>before the Effective Date</u>, you must submit your instruction to us, free of charge, at anytime up to 12:00 noon (for paper submission) or 4:00pm (for online submission) on <u>8 January 2026</u>.

^Your instruction to withdraw the proceeds of redemption from your account will be subject to the requirement of minimum account balance and early encashment charge (if applicable).

After the Reference Fund Replacement, dealing of Affected Investment Option will resume to normal on 19 January 2026.

The Investment Options Leaflet of the Scheme will be updated to reflect the above changes.

Investment involves risk. For details regarding the Scheme and its investment options, please refer to the Principal Brochure of the Scheme. For details including the investment objectives and policies, risk factors and charges of the reference funds corresponding to the investment options of the Scheme (including the Receiving Reference Fund), please refer to the offering documents (including the product key facts statements) of the reference funds, which are made available free of charge by us upon request.

If you have any queries, (for Hong Kong) please contact our Customer Service Hotline on (852) 2802 2812 (Monday to Friday from 9:00 am to 5:30 pm and Saturday from 9:00 am to 1:00 pm, except on public holidays) or email us at cs@axa.com.hk; (for Macau) please contact our Customer Service Hotline on (853) 8799 2812 (Monday to Friday from 9:00 am to 5:30 pm, except on Saturday, Sunday, and banking holidays) or email us at ma.enquiry@axa.com.mo.

Yours sincerely,

AXA China Region Insurance Company (Bermuda) Limited (Incorporated in Bermuda with limited liability)

|  | Investment policy   | Investment policy   |
|  | The reference fund seeks to achieve its investment objective by investing principally in equity and equity-related securities (including warrants and convertible securities) of small and mid-cap European companies. In selecting equity investments, the investment manager of the reference fund employs an active, bottom-up fundamental research process to search for individual securities believed to possess superior risk-return characteristics.  The reference fund principally invests its net assets in the securities of issuers incorporated or having their principal business activities in European countries and which have a market capitalisation at the time of initial purchase within the range of the market capitalisations of companies included in the MSCI Europe Small-Mid Cap Index. Once a security qualifies for initial purchase, it continues to qualify for additional purchases as long as it is held by the reference fund.  The investment manager of the reference fund also considers ESG factors as an integral component of its fundamental investment research and decision process. The Environmental and/or Social characteristics (within the meaning of Article 8 of the SFDR) promoted by the reference fund are detailed in the section "SFDR PRE-CONTRACTUAL | The reference fund seeks to achieve its objective primarily through a policy of investing in equity securities of companies of any market capitalization incorporated or having their principal business activities in European countries.  The investment manager of the reference fund also considers ESG factors as an integral component of its fundamental investment research and decision process. The Environmental and/or Social characteristics (within the meaning of Article 8 of the SFDR) promoted by the reference fund are detailed in the section "SFDR PRE-CONTRACTUAL DISCLOSURE ANNEXES". For the avoidance of doubt, the reference fund is not classified as an ESG fund, pursuant to the "Circular to management companies of SFC authorized unit trusts and mutual funds - ESG funds" issued by the SFC on 29 June 2021.  Since the investment objective is more likely to be achieved through an investment policy that is flexible and adaptable, the reference fund may seek investment opportunities in other types of transferable securities, such as preferred stock and securities convertible into common stock of any such issuers as described above. The reference fund may also |

|  | DISCLOSURE ANNEXES". For the avoidance of doubt, the reference fund is not classified as an ESG fund, pursuant to the "Circular to management companies of SFC authorized unit trusts and mutual funds - ESG funds" issued by the SFC on 29 June 2021.  Since the investment objective is more likely to be achieved through an investment policy that is flexible and adaptable, the reference fund may also seek investment opportunities in other types of transferable securities, which do not fulfil the requirements set out above.  The reference fund may also utilise financial derivative instruments for hedging and efficient portfolio management. These financial derivative instruments may include, inter alia, swaps, currency forwards, futures contracts (including futures based on equity, equity index, interest rate and currency), equity and equity index options, equity-linked notes, as well as options (including covered calls and warrants). | invest to a lesser extent in structured notes such as equity-linked notes.  The reference fund may further utilize financial derivative instruments for hedging and efficient portfolio management. These financial derivative instruments may include, inter alia, futures contracts (including futures based on equity, equity index, interest rate and currency), forwards as well as options (such as equity options and equity index options dealt on Regulated Markets). Use of financial derivative instruments may result in negative exposure in a specific asset class, yield curve/duration or currency.  For the purpose of generating additional capital or income or for reducing costs or risks, the reference fund may engage in securities lending transactions for up to 50% of its net assets, in a manner that is consistent with its investment policy. For the avoidance of doubt, any securities lending will be an ancillary activity of the reference fund only. |
|--|--|---|
| Management fee of reference fund   | 1.50% of net asset value per annum   | 1.50% of net asset value per annum  |

#### Change of management company and investment manager for Reference Funds

As informed by AXA World Funds, its board of directors (the "Board") have decided to introduce a number of changes to the offering documents of AXA World Funds, as a result of the contemplated restructuring of AXA Investment Managers ("AXA IM") and of the consequences arising therefrom on the Management Company (as defined hereinafter) and investment manager of the Reference Funds.

After entering into exclusive negotiations on 1 August 2024, AXA S.A. has agreed to sell AXA IM, AXA's investment management business, to BNP Paribas ("BNPP") (the "Transaction").

The Transaction is taking place in two stages:

- on 1 July 2025, the ultimate controlling shareholder of AXA Investment Managers Paris S.A ("AXA IM Paris" or the "Management Company") changed from AXA S.A. to BNP Paribas S.A.;
- on <u>31 December 2025</u> (the "Effective Date"), AXA IM Paris will be merged into BNP Paribas Asset Management Europe ("BNPP AM"), some entities belonging to AXA IM that are involved in the management of AXA World Funds will be merged into their corresponding entities within BNPP AM or the BNPP group (this part of the Transaction being referred to as the "Migration").

Details of the impacts of the Migration in relation to the Reference Funds are provided below.

The Board confirms that, from a practical standpoint, the Migration will not result in any disruption to the operational flows currently in place and will not cause any additional costs to the investors of the Reference Funds.

The costs incurred in connection with the Migration will be borne by the Management Company.

#### 1. Change of the Management Company for Reference Funds

As a result of the Migration, AXA IM Paris will be absorbed and replaced by BNPP AM as of the Effective Date (the "Management Company Change"). BNPP AM will therefore assume the role of management company of the Reference Funds with all associated rights, obligations, and responsibilities transferring by operation of law. BNPP AM is a company incorporated under the laws of France.

The Management Company Change will have no material impacts for the Reference Funds or its investors. In particular, BNPP AM will ensure the continuity of current activity and operability in relation to the management of the Reference Funds, that will continue to apply at the same high standard that the Reference Funds and its investors have come to expect following the Migration. Accordingly, the current policies of AXA IM Paris will continue to apply. Furthermore, the decision-making authority in relation to the Reference Funds is maintained at equivalent levels with the same key management structure, operational workflows continue uninterrupted, and client contacts and service standards are maintained at their current high levels.

Consequently, it is expected that on the Effective Date, the day-to-day management of the Reference Funds will continue without any diminution in quality or effectiveness and without material impacts on the investment process, objectives, strategies, risk management or risk profiles of the Reference Funds. For the avoidance of doubt, the ESG methodologies implemented by AXA IM Paris, which may diverge from the ones of BNPP AM, will continue to be implemented by BNPP AM for the Reference Funds after the Effective Date. Moreover, there will be no change to the level of fees payable by the Reference Funds, the investors nor costs in managing the Reference Funds. It is not expected that the investors will be materially prejudiced as a result of the Management Company Change.

As a result of the change of Management Company, the name of management company of reference fund of the Affected Investment Options as described in the Investment Options Leaflet of the Scheme will be changed from **AXA Investment Managers Paris** to **BNP Paribas Asset Management Europe** with effect from the Effective Date.

The Investment Options Leaflet of the Scheme will be updated to reflect the above change.

#### 2. Change of investment manager for AXA World Funds - Europe Real Estate

At present, AXA Real Estate Investment Managers SGP acts as the investment manager of AXA World Funds – Europe Real Estate. As a result of the Migration, BNP Paribas Real Estate Investment Management France will replace AXA Real Estate Investment Managers SGP to manage the Reference Fund (the "Investment Manager Change") with effect from the Effective Date. BNP Paribas Real Estate Investment Management France is a company incorporated under the laws of France.

The Investment Manager Change will have no material impacts on the Reference Fund or its investors, for the same reasons as outlined above and in particular there will be no changes to the investment process, objectives, strategies, risk management or risk profiles of the Reference Fund. Moreover, there will be no change to the level of fees payable by the Reference Fund, its investors nor costs in managing the Reference Fund. It is not

expected that the investors will be materially prejudiced as a result of the Investment Manager Change.

As also reflected above, the new entities will, where applicable, continue to implement the AXA IM ESG methodologies, for the Reference Fund, which may diverge from the ones of BNPP AM, after the Effective Date

The Management Company Change and Investment Manager Change will have no material impacts on the investment of the investors of Reference Funds and do not entail any increase of fees. It will take effect on the Effective Date. Save as changes described above, there will be no change to the key features (including the investment objectives and policies) of and risks applicable to the Reference Funds. There will be no change in the operation and/or manner in which the Reference Funds are managed as a result of the Management Company Change and Investment Manager Change.

If you are an investor of any Affected Investment Options, **no action is required if you accept the above changes**. If you do not accept the above changes, you may: (i) switch your existing notional units in the Affected Investment Option(s) to other investment option(s) available under the Scheme free of switching fee; and/ or (ii) redirect your future investment option allocation in the Affected Investment Option(s) to other investment option(s) available under the Scheme free of charge.

Investment involves risk. For details regarding the Scheme and its investment options, please refer to the Principal Brochure of the Scheme. For details including the investment objectives and policies, risk factors and charges of the reference funds corresponding to the investment options of the Scheme, please refer to the offering documents (including the product key facts statements) of the reference funds, which are made available free of charge by us upon request.
