Reward 2: Guaranteed Preferential Interest Rate

1. This reward is only applicable if the following requirements are satisfied:
 - a. **From 1 January 2026 to 31 January 2026**, both dates inclusive (the “**Promotion Period of Reward 2**”), customer successfully submits an application for a basic plan of WealthAhead II Savings Insurance – Supreme (5-year pay) (“**WealthAhead II Supreme Policy (5-year pay)**”) with policy currency of USD;
 - b. The print date on the proposal signed by the customer must be within the Promotion Period of Reward 2;
 - c. WealthAhead II Supreme Policy (5-year pay) must be successfully issued on or before 31 March 2026;
 - d. Annual payment mode must be selected for WealthAhead II Supreme Policy (5-year pay); and
 - e. The campaign form of WealthAhead II Savings Insurance (5 pay) Guaranteed Preferential Interest Rate Programme is submitted together with the insurance application form and proposal at the same time.
2. The prepaid premiums shall be equal to 4 times of the initial annual premium for the WealthAhead II Supreme Policy (5-year pay) at policy application (“**Prepaid Premiums**”), which will be deposited into the Future Premium Deposit Account (“**FPDA**”). Payment of basic premium for your policy for each relevant policy year will be automatically deducted from the balance of the Prepaid Premiums in the FPDA when it is due.

3. The guaranteed preferential interest rate of 4% or 4.5% per annum is determined based on the initial annual premium for the WealthAhead II Supreme Policy (5-year pay) stated in Table 2 above (“**Guaranteed Preferential Interest Rate**”). The Guaranteed Preferential Interest Rate is applicable to the balance of the Prepaid Premiums only, which do not include levy and premiums for supplements (if applicable). The Guaranteed Preferential Interest Rate will be applicable from the date when the whole amount of the Prepaid Premiums is received by AXA until the end of the 4th policy year.
4. Extra interest, i.e. the difference between the total interest accumulated at Guaranteed Preferential Interest Rate and the total interest credited at AXA’s prevailing rate (currently at 1.5% p.a.) on the balance of the Prepaid Premiums in the FPDA for the first 4 policy years, will be credited to your FPDA as a lump sum within 1 month after 4 years from the policy issue date. This prevailing interest rate is non-guaranteed and may be changed by AXA at its discretion from time to time without prior notice.
5. If the whole amount of the Prepaid Premiums cannot be received in full by AXA within 2 months from the issue date of the policy, the whole balance in the FPDA (if any) will be accumulated at AXA’s prevailing interest rate only.
6. If (i) the policy has not been continuously in effect since inception or is not in effect at the time when the extra interest is credited to the FPDA; or (ii) at any time during the first 4 policy years, (a) the amount of annual basic premium is lower than the amount of the initial annual premium for the WealthAhead II Supreme Policy (5-year pay); or (b) the balance of the FPDA falls below the sum of (1) the total interest which has been credited as at such time at the AXA’s prevailing rate on the balance of Prepaid Premiums and (2) initial annual premium for the WealthAhead II Supreme Policy (5-year pay) multiplied by the remaining premium payment term (any incomplete year will be rounded down to the nearest whole year); or (c) there is any change in premium payment mode; or (d) Currency Conversion Option is exercised, the owner of the policy will NOT be able to enjoy the Guaranteed Preferential Interest Rate, and the balance in the FPDA (if any) will be accumulated at AXA’s prevailing interest rate only.
7. If (i) Flexi Continuation Option or (ii) Flexi Segregation Option has been exercised, the notional amount of the policy may be reduced, the initial annual premium for WealthAhead II Supreme Policy (5-year pay) used to determine the Prepaid Premiums and the Guaranteed Preferential Interest Rate of the policy will be adjusted as if such notional amount reduction were effected at policy inception. The segregated policy created as a result of Flexi Segregation Option may enjoy the Guaranteed Preferential Interest Rate while such rate and the Prepaid Premiums will be determined by the notional amount and thus the initial annual premium for WealthAhead II Supreme Policy (5-year pay) of the segregated policy at its inception.
8. Only the balance of Prepaid Premiums in the FPDA for each relevant Policy Year is eligible for the Guaranteed Preferential Interest Rate. Any amount in the FPDA which is in excess of the balance of Prepaid Premiums in the FPDA for each relevant policy year, including but not limited to the prepaid premiums for supplement(s) (if applicable) and levy, will not be entitled to the Guaranteed Preferential Interest Rate, and the corresponding amount will be credited an interest at AXA’s prevailing interest rate only from the date when it is deposited into the FPDA.
9. Levy and premiums for supplements (if applicable) payable must be paid when they are due. Otherwise, the balance of Prepaid Premiums in FPDA may be used to settle the related overdue payments and in such event, the policy will not be eligible for the Guaranteed Preferential Interest Rate.
10. The Guaranteed Preferential Interest Rate will not be applicable to customers who have purchased a basic plan of WealthAhead II Savings Insurance – Supreme before the Promotion Period of Reward 2 but subsequently cancelled such basic plan of WealthAhead II Savings Insurance – Supreme during its cooling off period and then re-applied for the same basic plan of WealthAhead II Savings Insurance – Supreme during the Promotion Period of Reward 2.
