Investment Risks that may be relevant to your investment

Investment involves risks, including fluctuation of market price of investment. Past performance is not indicative of future performance. **It is important for you to know your risk tolerance level and the level of risks associated with your investment before making any investment decisions.**

The investment options available under **Signature III / Polaris (whichever is applicable)** can have very different features and risk profiles. Some may be of high risk. You are strongly recommended to read the offering documents of the respective reference funds carefully for the risks associated with the investment. Copies of the offering documents of the reference funds are made available by AXA China Region Insurance Company (Hong Kong) Limited (the “Company”).

In general, the performance of investment options will be affected by a number of risk factors:

Market Risk

The fund price of reference fund may fluctuate as a result of a variety of changes in the market and the economy, including but not limited to changes in interest rates, exchange rate, credit rating of the issuer or guarantor, inflation (including actual and outlook) and a general decline in the investment market as a whole.

Counterparty Risk

Investment may be subject to the credit risk and default risk of the issuer or guarantor.

Liquidity Risk

The reference fund may invest in instruments where the volume of transactions may fluctuate significantly depending on market sentiment. There is a risk that investments made by the reference fund may become less liquid in response to market developments or adverse investor perceptions.

Currency Risk

The reference fund that holds assets denominated in non-local currency is subject to the risk of exchange rate fluctuation.

List of investment options available under Signature III / Polaris

You should read the offering documents (including the product key facts statements) of the reference funds, which are available from the Company upon request, for details of the reference funds (including, without limitation, their investment objectives and policies, risk factors and charges).

The investment performance of an investment option is calculated by reference to the investment performance of the relevant reference fund(s). You should refer to the product brochure of Signature III / Polaris (whichever is applicable) for the fees and charges of the relevant plan.

Change of management company and investment manager for Reference Funds

As informed by AXA World Funds, its board of directors (the “**Board**”) have decided to introduce a number of changes to the offering documents of AXA World Funds, as a result of the contemplated restructuring of AXA Investment Managers (“**AXA IM**”) and of the consequences arising therefrom on the Management Company (as defined hereinafter) and investment manager of the Reference Funds.

After entering into exclusive negotiations on 1 August 2024, AXA S.A. has agreed to sell AXA IM, AXA’s investment management business, to BNP Paribas (“**BNPP**”) (the “**Transaction**”).

The Transaction is taking place in two stages:

- on 1 July 2025, the ultimate controlling shareholder of AXA Investment Managers Paris S.A (“**AXA IM Paris**” or the “**Management Company**”) changed from AXA S.A. to BNP Paribas S.A.;
- on **31 December 2025** (the “**Effective Date**”), AXA IM Paris will be merged into BNP Paribas Asset Management Europe (“**BNPP AM**”), some entities belonging to AXA IM that are involved in the management of AXA World Funds will be merged into their corresponding entities within BNPP AM or the BNPP group (this part of the Transaction being referred to as the “**Migration**”).

Details of the impacts of the Migration in relation to the Reference Funds are provided below.

The Board confirms that, from a practical standpoint, the Migration will not result in any disruption to the operational flows currently in place and will not cause any additional costs to the investors of the Reference Funds.

The costs incurred in connection with the Migration will be borne by the Management Company.

1. Change of the Management Company for Reference Funds

As a result of the Migration, AXA IM Paris will be absorbed and replaced by BNPP AM as of the Effective Date (the “**Management Company Change**”). BNPP AM will therefore assume the role of management company of the Reference Funds with all associated rights, obligations, and responsibilities transferring by operation of law. BNPP AM is a company incorporated under the laws of France.

The Management Company Change will have no material impacts for the Reference Funds or its investors. In particular, BNPP AM will ensure the continuity of current activity and operability in relation to the management of the Reference Funds, that will continue to apply at the same high standard that the Reference Funds and its investors have come to expect following the Migration. Accordingly, the current policies of AXA IM Paris will continue to apply. Furthermore, the decision-making authority in relation to the Reference Funds is maintained at equivalent levels with the same key management structure, operational workflows continue uninterrupted, and client contacts and service standards are maintained at their current high levels.

Consequently, it is expected that on the Effective Date, the day-to-day management of the Reference Funds will continue without any diminution in quality or effectiveness and without material impacts on the investment process, objectives, strategies, risk management or risk profiles of the Reference Funds. For the avoidance of doubt, the ESG methodologies implemented by AXA IM Paris, which may diverge from the ones of BNPP AM, will continue to be implemented by BNPP AM for the Reference Funds after the Effective Date. Moreover, there will be no change to the level of fees payable by the Reference Funds, the investors nor costs in managing the Reference Funds. It is not expected that the investors will be materially prejudiced as a result of the Management Company Change.

As a result of the change of Management Company, the name of management company of reference fund of the Affected Investment Options as described in the Investment Options Leaflet of the Scheme will be changed from **AXA Investment Managers Paris** to **BNP Paribas Asset Management Europe** with effect from the Effective Date.

The Investment Options Leaflet of the Scheme will be updated to reflect the above change.

2. Change of investment manager for AXA World Funds - Europe Real Estate

At present, AXA Real Estate Investment Managers SGP acts as the investment manager of AXA World Funds – Europe Real Estate. As a result of the Migration, BNP Paribas Real Estate Investment Management France will replace AXA Real Estate Investment Managers SGP to manage the Reference Fund (the “**Investment Manager Change**”) with effect from the Effective Date. BNP Paribas Real Estate Investment Management France is a company incorporated under the laws of France.

The Investment Manager Change will have no material impacts on the Reference Fund or its investors, for the same reasons as outlined above and in particular there will be no changes to the investment process, objectives, strategies, risk management or risk profiles of the Reference Fund. Moreover, there will be no change to the level of fees payable by the Reference Fund, its investors nor costs in managing the Reference Fund. It is not

expected that the investors will be materially prejudiced as a result of the Investment Manager Change.

As also reflected above, the new entities will, where applicable, continue to implement the AXA IM ESG methodologies, for the Reference Fund, which may diverge from the ones of BNPP AM, after the Effective Date

The Management Company Change and Investment Manager Change will have no material impacts on the investment of the investors of Reference Funds and do not entail any increase of fees. It will take effect on the Effective Date. Save as changes described above, there will be no change to the key features (including the investment objectives and policies) of and risks applicable to the Reference Funds. There will be no change in the operation and/or manner in which the Reference Funds are managed as a result of the Management Company Change and Investment Manager Change.

If you are an investor of any Affected Investment Options, **no action is required if you accept the above changes.** If you do not accept the above changes, you may: (i) switch your existing notional units in the Affected Investment Option(s) to other investment option(s) available under the Scheme free of switching fee; and/ or (ii) redirect your future investment option allocation in the Affected Investment Option(s) to other investment option(s) available under the Scheme free of charge.

Investment involves risk. For details regarding the Scheme and its investment options, please refer to the Principal Brochure of the Scheme. For details including the investment objectives and policies, risk factors and charges of the reference funds corresponding to the investment options of the Scheme, please refer to the offering documents (including the product key facts statements) of the reference funds, which are made available free of charge by us upon request.

Polaris Investment Insurance Plan (the "Scheme")

Dear Valued Customer,

Change of reference fund for BlackRock Global Funds - Asian Growth Leaders Fund (the "Affected Investment Option")

As informed by BlackRock Global Funds, its board of directors (the "**Board**") has decided to undertake a merger by absorption of the reference fund of the Affected Investment Option, **BlackRock Global Funds - Asian Growth Leaders Fund** (the "**Merging Reference Fund**"), into the **BlackRock Global Funds - Asian Dragon Fund** (the "**Receiving Reference Fund**") (the "**Reference Fund Merger**") with effect from **10 July 2026** (the "**Effective Date**"). This decision has been made in accordance with article 28 of the articles of association of BlackRock Global Funds and in compliance with article 1(20)(a) of the law of 17 December 2010 on undertakings for collective investment, as amended.

As a result of the Reference Fund Merger, the reference fund corresponding to the Affected Investment Option, which is available under the Scheme, will be changed from the Merging Reference Fund to the Receiving Reference Fund with effect from the Effective Date.

Background and rationale for the Reference Fund Merger

The proposed Reference Fund Merger represents a strategic consolidation designed to enhance investors outcomes and operational efficiency. Over time, the portfolio holdings and risk profiles of the Merging Reference Fund and Receiving Reference Fund have converged, creating natural synergies that support this combination. The Receiving Reference Fund is a style-flexible Asian ex-Japan equity-focused Fund that, in the opinion of the investment adviser of the Merger Reference Fund and Receiving Reference Fund (the "**Investment Adviser**"), is better positioned to deliver long-term performance by capturing alpha opportunities across varying market environments.

As at 29 April 2026, the fund size of the Merging Reference Fund is USD 534,102,165 and the Receiving Reference Fund is USD 846,350,186. The Receiving Reference Fund will benefit from enhanced scale, improved investor visibility, and greater potential for sales momentum.

Operationally, the Reference Fund Merger will enable the Investment Adviser to allocate resources more efficiently, allowing concentration of efforts on the Receiving Reference Fund, whilst enabling research analysts to focus on alpha generation and idea development.

The Receiving Reference Fund's track record will be preserved, ensuring continuity for existing investors whilst providing investors in the Merging Reference Fund, as well as new investors, with access to a more robust and strategically focused investment proposition.

Considering the above, the Board therefore believes that it is in the interest of investors to merge the Merging Reference Fund into the Receiving Reference Fund.

Comparison of the key features of the Merging Reference Fund and the Receiving Reference Fund

The investment policies of both funds are closely aligned, with comparable geographic exposures, sector allocations, and investment approaches. As such, the Reference Fund Merger is not expected to materially alter the overall risk-return profile for the investors. The Receiving Reference Fund will continue to be managed according to its current investment objective and policy after the Reference Fund Merger.

The main differences relate to the Merging Reference Fund's explicit emphasis on growth-oriented companies and its ability to directly invest via the QFI regime and/or via the Stock Connect up to 30% of assets in the People's Republic of China, compared with a 20% limit in the Receiving Reference Fund. The expected portion of net asset value subject to securities lending is 7% for the Merging Reference Fund and 11% for the Receiving Reference Fund. These variations are not expected to significantly impact the investors, as both strategies remain actively managed against the same benchmark, within the same regional scope, and with similar flexibility to capture opportunities across Asia ex-Japan equities.

The base currency of both the Merging Reference Fund and the Receiving Reference Fund is USD.

The risk profiles of the Merging Reference Fund and the Receiving Reference Fund are comparable as the key risks applicable to the Merging Reference Fund and the Receiving Reference Fund as set out in their product key facts statement are the same.

Procedural aspects and other key features of the Reference Fund Merger

With effect from 11 May 2026, the Merging Reference Fund is no longer allowed to be marketed to the public in Hong Kong and shall not accept subscription from new investors. Existing shareholders of the Merging Reference Fund may request for subscriptions for additional shares or conversions into shares of other classes within the Merging Reference Fund before 6 July 2026 (the **"Cut-Off Point"**).

In order to implement the procedures needed for the Reference Fund Merger in an orderly and timely manner, the Board has decided that the subscriptions (including subscriptions from existing regular saver shareholders), redemptions and conversions of shares of the Merging Reference Fund and the Receiving Reference Fund will no longer be accepted or processed during four (4) business days as from the Cut-Off Point (the **"Freeze Period"**). After the Cut-Off Point, dealing in the Merging Reference Fund will be suspended up to and including the Effective Date. The Receiving Reference Fund will resume dealings after the Freeze Period.

The Reference Fund Merger shall become effective between the Receiving Reference Fund and the Merging Reference Fund and vis-à-vis third parties on the Effective Date, at which time all assets and liabilities of the Merging Reference Fund will be transferred to the Receiving Reference Fund. The Merging Reference Fund will cease to exist as a result of the Reference Fund Merger and thereby will be dissolved without going into liquidation on the Effective Date.

Shareholders holding shares of the Merging Reference Fund on the Effective Date will automatically receive shares of the corresponding class of shares in the Receiving Reference Fund (the **"New Shares"**), and participate in the results of the Receiving Reference Fund as from such date. The number of New Shares to be allocated to shareholders of the Merging Reference Fund will be determined by multiplying the number of shares held in the

relevant class of the Merging Reference Fund by the relevant share exchange ratio. The share exchange ratios in respect of the relevant share class of the Merging Reference Fund will be determined, on a per share class basis, by dividing the net asset value per share calculated as of the Effective Date by the net asset value per share of the corresponding share class, expressed in USD, in the Receiving Reference Fund as at same date.

Shareholders' attention is drawn to the fact that from 22 June 2026 and until the Effective Date (the "**Preparation Period**") (i.e. 22 June 2026 to 10 July 2026), the Investment Adviser will begin managing the portfolio of the Merging Reference Fund in preparation for the Reference Fund Merger.

For the purpose of the Reference Fund Merger, certain assets held by the Merging Reference Fund may not be transferred in kind to the Receiving Reference Fund due to market or regulatory limitations, such as contract for differences, total return swap, and investment in the Stock Connects, India and Taiwan. In such circumstances, the Investment Adviser will, acting in the best interests of investors, either (i) dispose of such assets and hold the resulting cash until it is transferred to the Receiving Reference Fund on the Effective Date, or (ii) dispose of such assets and reinvest the proceeds in transferable equity securities that are eligible to be transferred to the Receiving Reference Fund on the Effective Date.

As a result of these portfolio adjustments, and notwithstanding that the Investment Adviser will seek, where possible and subject to the market conditions, to manage the portfolio in an orderly manner, the Merging Reference Fund may temporarily deviate from its investment objective and policy and may not comply with the applicable diversification limits during the Preparation Period.

For the avoidance of doubt, investors of the Merging Reference Fund who (i) redeem after the start of the Preparation Period (i.e. 22 June 2026) (on or prior to the Cut-Off Point) or (ii) remain in the Merging Reference Fund after the Cut-Off Point will bear their pro-rata share of the transaction costs related to the realization/adjustment of the portfolio prior to the Effective Date, which is expected to be around USD 3 million (approximately 0.56% of the net asset value of the Merging Reference Fund).

From the Effective Date and for a short period thereafter (which is expected to be around 10 calendar days from the Effective Date) (the "**Implementation Period**"), the Receiving Reference Fund will proceed, as soon as reasonably practicable, with the reinvestment of the cash (and/or the disposal of other liquid assets) transferred by the Merging Reference Fund on the Effective Date. While the Investment Adviser will seek to implement the Receiving Reference Fund's investment strategy promptly, it may be the case that, during this limited period, the Receiving Reference Fund is temporarily unable to fully comply with the diversification limits and the investment objective and policy described in the prospectus of the Receiving Reference Fund. Shareholders of the Receiving Reference Fund, including shareholders of the Merging Reference Fund transferred to the Receiving Reference Fund on the Effective Date, will bear their pro-rata share of the transaction costs related to the reinvestment of the cash and/or the disposal of other liquid assets, which is expected to be around USD 1.73 million (approximately 0.20% of the net asset value of the Receiving Reference Fund), once all assets have been transferred to the Receiving Reference Fund.

Polaris Investment Insurance Plan (the “Scheme”)

Dear Valued Customer,

We would like to inform you of certain changes to the reference fund (the “**Reference Fund**”) of the investment option **BlackRock Global Funds - Sustainable Global Dynamic Equity Fund** (the “**Affected Investment Option**”) provided under the Scheme.

Renaming and changes to the investment objectives and policy of Reference Fund

As informed by BlackRock Global Funds, with effect from **24 June 2026** (the “**Effective Date**”), the investment objective and policy of the Reference Fund will be updated to increase the fund’s investment adviser’s ability to generate attractive and competitive returns across different environments. Additionally, the Reference Fund will be renamed to **BlackRock Global Funds - Global Dynamic Equity Fund**.

The investment objective and policy of the Reference Fund have been amended to remove all the Reference Fund’s ESG commitments and as a result of these changes, the Reference Fund will be reclassified from Article 8 to Article 6 under the meaning of the Sustainable Financial Disclosure Regulation. Furthermore, the Reference Fund will no longer classify as compliant with the rules of the Autorité des Marchés Financiers regarding sustainable investing.

The Reference Fund will also no longer be classified as an ESG fund in Hong Kong pursuant to the Securities and Futures Commission (“**SFC**”)’s “Circular to management companies of SFC-authorized unit trusts and mutual funds –ESG funds” issued by the SFC dated 29 June 2021, as may be revised from time to time, and will no longer be subject to ESG investment policy risk.

The amendments described in this notice will not result in any increase to the fees and expenses borne by the Reference Fund and/or its investors. The associated fees and expenses (e.g., mailing costs) will be paid by the management company of the Reference Fund out of the annual service charge charged to the Reference Fund.

As a result of the change of name of the Reference Fund, the name of the investment option and the name of the corresponding reference fund **BlackRock Global Funds - Sustainable Global Dynamic Equity Fund** as described in the Investment Options Leaflet of the Scheme will be changed to **BlackRock Global Funds - Global Dynamic Equity Fund** with effect from the Effective Date. The Investment Options Leaflet of the Scheme will be updated to reflect the above changes.

If you are an investor of the Affected Investment Option, **no action is required if you accept the above changes**. Polaris Investment Insurance Plan (the “Scheme”)

Dear Valued Customer,

Withdrawal of authorization and termination of Architas Flexible Bond and Architas Flexible Bond R Dis (each an “Affected Investment Option” and collectively the “Affected Investment Options”)

As informed by Architas Multi-Manager Europe Limited, the manager (the “**Manager**”) of Architas Multi-Manager Global Managed Funds Unit Trust (the “**Trust**”), the board of directors (the “**Board**”) of the Manager intends to wind up and terminate **Architas Multi-Manager Global Managed Funds Unit Trust - Architas Flexible Bond**, the reference fund (the “**Reference Fund**”) of the Affected Investment Options offered by the Scheme.

Background and rationale for the termination of the Reference Fund

In accordance with Clause 19.1(d)(v) of the trust deed of the Trust and paragraph 4(v) under the section headed “Termination” in its prospectus, the Manager can terminate a fund under the Trust if the Manager, acting in good faith, in its discretion, considers termination appropriate based on reasonable grounds and pursuant to applicable law and regulation.

The Board has resolved that unitholders of the Reference Fund (the “**Unitholders**”) who have not redeemed their holding of units in the Reference Fund (“**Units**”) by **30 June 2026** (the “**Final Dealing Day**”) will have these Units compulsorily redeemed on the Final Dealing Day. The Reference Fund will be terminated on the Final Dealing Day after all the Units have been compulsorily redeemed.

The reason for the termination of the Reference Fund is that the current assets under management (which amounted to approximately EUR 12 million as of 24 April 2026) no longer make the Reference Fund commercially viable.

Small funds face a number of operating difficulties as they are unable to benefit from economies of scale. This may lead to problems in buying and selling assets at a reasonable price, which in turn may lead to compromised investment performance and proportionally higher costs. Following consideration of the available options, the Manager believes it is in the best interest of all Unitholders to terminate the Reference Fund, liquidate all of the underlying assets and return the proceeds to Unitholders.

As of 30 September 2025, the ongoing charges figures of the classes R(USD) and R Distribution (USD), which are the classes of the Reference Fund for the Affected Investment Options, Architas Flexible Bond and Architas Flexible Bond R Dis, respectively, are both 1.45%. The ongoing charges figures are based on expenses for the year ended 30 September 2025. These figures may vary from year to year.

The Manager, working with the trustee and administrator of the Trust, has established appropriate provisions

for the costs associated with the termination and subsequent withdrawal of the authorization of the Reference Fund from the Securities and Futures Commission of Hong Kong (“SFC”) to cover any estimated or contingent liabilities of the Reference Fund (such as audit fees, annual regulatory fees, annual legal fees, small, unaccrued miscellaneous expenses), which are estimated to be in the amount of HK\$480,000. The provisions have been deducted from the Reference Fund’s net asset value over a period of time and will be included in the Reference Fund’s net asset value calculated for the Final Dealing Day (i.e. the Reference Fund will bear the cost of making such provisions). There are no unamortized preliminary expenses of the Reference Fund.

From 1 May 2026, the Reference Fund is no longer allowed to be marketed to the public in Hong Kong and shall not accept subscription from new investors. To ensure that Unitholders in the Reference Fund are treated fairly, the Manager, during the period between 26 June 2026 (i.e. 4 days before the Final Dealing Day) and the Final Dealing Day and, where it believes it is in the best interests of Unitholders in the Reference Fund, reserves the right to sell the assets of the Reference Fund and hold cash. The Manager will apply to the SFC for withdrawal of authorization of the Reference Fund following the termination of the Reference Fund.

Impact on the Scheme

As a result of the termination of the Reference Fund, we have decided to terminate the Affected Investment Options and apply to withdraw the authorization of the Affected Investment Options from the SFC with effect from **30 June 2026** (the “**Effective Date**”). Pursuant to the “Investment Option Deletion” provision of the policy document of the Scheme, the Company has the right at any time to determine that an investment option will cease to be made available under the Scheme. Expenses related to the withdrawal of authorization and termination of the Affected Investment Options will be borne by the Company.

The Investment Options Leaflet of the Scheme will be updated to reflect the above changes.

Please note the following important information and take necessary action as you may deem fit:

- (1) Selection of the Affected Investment Option(s) in your new investment option allocation instruction, for the purpose of allocating the premium you contribute and/or bonuses awarded to your policy (if any) to the Affected Investment Option(s), shall not be allowed **with immediate effect** unless your current investment option allocation instruction has included the Affected Investment Option(s).
- (2) Switching notional units into the Affected Investment Option(s) is not allowed **with immediate effect**.
- (3) In respect of your existing notional units in the Affected Investment Option(s), you can submit your instruction to redeem such units in the Affected Investment Option(s) (the “**Redemption Instruction**”)[^] or switch such units in the Affected Investment Option(s) to other investment option(s) under the Scheme (the “**Switch-out Instruction**”), free of charge, at any time up to **12:00 noon** (for paper submission) or **4:00 pm** (for online submission) **on 29 June 2026** (the “**Cut-off Time**”). If we do not receive any Redemption Instruction or Switch-out Instruction from you by the Cut-off Time, we will redeem for and on your behalf all your existing notional units (if any) in the Affected Investment Option(s) at the unit price as of the **Effective Date** and the proceeds of such redemption will then be applied to allocate notional units in the substitute investment option **Fidelity Funds - US Dollar Cash Fund** (the “**Substitute Investment Option**”), free of charge, as soon as practicable.

[^]Your instruction to withdraw the proceeds of redemption from your account will be subject to the requirement of minimum account balance and early encashment charge (if applicable).

- (4) If you have selected the Affected Investment Option(s) under the Scheme in your current investment option

allocation instruction with respect to your premium / bonuses to be awarded (if any) under the Scheme, you can submit instruction to us anytime to redirect your future investment option allocation in the Affected Investment Option(s) to other investment option(s) available under the Scheme free of charge. If we do not receive your instruction for your future investment option allocation regarding the Affected Investment Option(s) by **12:00 noon** (for paper submission) or **4:00 pm** (for online submission) **on 18 June 2026**, your premium / bonuses to be awarded (if any) which would have been applied for allocation in the Affected Investment Option(s) according to your current investment option allocation instruction will be applied for allocation in the Substitute Investment Option starting from 22 June 2026, free of charge, so that your premium / bonuses to be awarded (if any) will continually be invested.
