Important information

Disclosure obligation for underwriting
You are required to declare all requisite information that would affect the underwriting decisions of the Company. Subject to our rights in the case of fraud, if the insured’s age or sex has been misstated, all benefits will be calculated on the basis of the correct age and sex and the premiums paid. If at the correct age, the insured was not insurable according to our requirements, the policy and any attached endorsement and supplements will be void from the policy date.

Cooling-off period
If you are not completely satisfied with the policy, you have the right to cancel it by giving a written notice of cancellation to the Company. Such written notice of cancellation must be signed by you and received directly by our Customer Service at Suite 2001, 20/F, Tower Two, Times Square, 1 Matheson Street, Causeway Bay, Hong Kong within 21 calendar days immediately following either the day of delivery of the policy or the cooling-off notice (notifying you of the cooling-off period) to you or your nominated representative (whichever is earlier). The policy will then be cancelled and a refund of any premium(s) paid will be returned to you on the condition that no claim payment under the policy has been made prior to your request for cancellation.

Cancellation
After the cooling-off period, the policyholder can request cancellation by giving 30 days prior written notice to the Company, provided that there has been no benefit payment during the relevant policy year. No premium or proportion of the premium will be refunded to the policyholder if cancellation is initiated by the policyholder and accepted by the Company before the expiry date.

Submission of claims
We must receive due proof in the form specified by us within 60 days after the disability was first attended or treated. Original statement of accounts and receipts showing itemised expenses are required.

Policy currency
If your policy is denominated in a currency other than your local currency, you may face an exchange rate risk. Upon currency conversion, the amounts you receive and the premiums you pay may vary as a result of changes in exchange rate.

Premium adjustment
The initial premium is based on the age of the insured at the time of policy issuance and other factors including but not limited to gender and risk class of the insured and the benefit level of your policy. Premium rates are not guaranteed and may be adjusted by the Company at policy anniversaries if necessary. We consider factors including but not limited to (i) the Company’s claims and policy persistency experience and (ii) expected claim outgo from all policies under this plan in future years, reflecting the impact of medical trend and product feature revisions.

Non-payment of premium
You should pay premiums for the whole of your premium payment term. Any premiums remaining outstanding at the end of the grace period (i.e. 31 days after premium due date) may lead to termination of your policy. You may lose the insurance protection offered by the policy.

Automatic revision of benefits
In order to keep the level of benefits in line with the changing medical situation and, the Company may, subject to the policy contract, revise the terms and benefit coverage and future premiums from time to time, such that the adequacy of coverage under the plan can be maintained.
