No waiting period for unknown pre-existing conditions

WiseGuard Pro will cover pre-existing conditions for those that you don't know you have at the time of application. And the coverage starts as soon as your policy becomes effective.

When you apply for **WiseGuard Pro**, it is essential to disclose your current health conditions for underwriting purposes. Should we identify any known disabilities or conditions during the process, we will notify you of any case-based exclusion or loading from coverage before policy issuance.

Flexible benefit level options

WiseGuard Pro offers different coverage to suit your needs under 4 benefit levels (**Regular**, **Enhance**, **Premier** and **Noble**). You will be given a choice of 3 ward classes (General ward, Semi-private room and Standard private room), 3 geographic regions and 3 levels of annual deductibles ranging from HKD0 to HKD50,000.

If you change your place of residence, you will have the right to upgrade your benefit level to **Noble** without having to go through medical re-underwriting¹⁰ given there is no change in the deductible. Such right can only be exercised once per lifetime only for each insured person.

More affordable healthcare with annual deductible options

The higher the deductible, the lower the premium – an annual deductible is the amount you are responsible to pay to cover healthcare services before your plan starts to pay.

WiseGuard Pro offers 3 annual deductible options HKD0, HKD20,000 or HKD50,000.

To give you more flexibility in budget planning for post-retirement, you have the right to reduce or remove your existing deductible for the same benefit level without medical re-underwriting – you can do this once per lifetime by submitting a written request within 30 days before the renewal date on or immediately following the insured person’s 55th, 60th, 65th, 70th or 75th birthday.

No claim discount³

Important information

Disclosure obligation for underwriting

It is important for you to declare all requisite information that would affect the underwriting decisions of the Company. The Company has the right to declare the policy void as from policy effective date due to any misrepresentation or fraud. If the non-health related information of the insured person (including but not limited to age, sex or smoking habit) is misstated in the application, the Company may adjust the premium, for the past, current or future policy year, or declare the policy void on the basis of the correct information.

Cooling-off period

If you are not completely satisfied with the policy, you have the right to cancel the policy and obtain a refund of any premium(s) paid provided that there is no claim payment made under the policy prior to your request for cancellation. To exercise this right, please return the policy (if applicable) and send your signed written notice of cancellation directly to our Customer Service at Suite 2001, 20/F, Tower Two, Times Square, 1 Matheson Street, Causeway Bay, Hong Kong within **21 calendar days** immediately following either the day of delivery of the policy or the notice of policy issuance (notifying you of the cooling-off period) to you or your nominated representative (whichever is earlier). The policy will then be cancelled and a refund of any premium(s) paid and any levy paid will be returned to you.

Cancellation

After the cooling-off period, the policy holder can request cancellation by giving 30 days prior written notice to the Company, provided that there has been no benefit payment during the relevant policy year. No premium or proportion of the premium will be refunded to the policy holder if cancellation is initiated by the policy holder and accepted by the Company before the expiry date.

Submission of claims

All claims with relevant information must be submitted to the Company within 90 days after the date on which the insured person is discharged from the hospitals, or (where there is no confinement) the date on which the relevant medical service is performed and completed. Relevant information includes, without limitation, (a) all original receipts and/or original itemised bills together with the diagnosis, type of treatment, procedure, test or service provided; and (b) certificates, reports, evidence, referral letter and other data or materials as reasonably required by AXA for processing of such claim.

You have to notify us if claims cannot be submitted within the above timeframe, otherwise we shall have the right to reject such claims submitted after the above timeframe.

Policy currency

If your policy is denominated in a currency other than your local currency, you may face an exchange rate risk. Upon currency conversion, the amounts you receive and the premiums you pay may vary as a result of changes in exchange rate.

Important information (cont'd)

Premium adjustment

The initial premium is based on the age of the insured person at the time of policy issuance and other factors including but not limited to the gender and risk class of the insured person and the benefit level of your policy. Premium rates are not guaranteed and may be adjusted by the Company on a portfolio basis at any of the policy anniversaries if necessary. We consider factors including but not limited to (i) the Company's claims and policy persistency experience and (ii) expected claim outgo from all policies under this plan in future years, reflecting the impact of medical trend, medical cost inflation and product feature revisions.

Non-payment of premium

You should pay premiums for the whole of your premium payment term. Any premiums remaining outstanding at the end of the grace period (i.e. 31 days after premium due date) may lead to termination of your policy. You may lose the insurance protection offered by the policy.

Inflation

The Company may, subject to the policy contract, revise the future premiums from time to time, such that the adequacy of coverage under the plan can be maintained. Any future premium changes shall be applied on a portfolio basis.

Termination

The policy will be automatically terminated on the earliest of the followings:

- (a) non-payment of premiums after a grace period of 31 days after the premium due date;
- (b) the day immediately following the death of the insured person; or
- (c) the Company has ceased to have the requisite authorisation under the Insurance Ordinance to write or continue to write the policy.

Other insurance coverage

If the policy holder has taken out other insurance coverage besides this certified plan, the policy holder shall have the right to claim under any such other insurance coverage or this certified plan. However, if the policy holder or the insured person has already recovered all or part of the expenses from any such other insurance coverage, the Company shall only be liable for such amount of eligible expense, if any, which is not compensated by any such other insurance coverage.

Cost-sharing requirement

The policy holder is required to pay coinsurance and/or deductible as stated in the terms and benefits and the policy schedule. For the avoidance of doubt, coinsurance and deductible do not refer to any amount that the policy holder is required to pay if the actual expenses exceed the benefit limits.

Important information (cont'd)

Key exclusions

Under the terms and benefits of the policy contract, the Company shall not pay any benefits in relation to or arising from the following expenses:

1. Expenses incurred for treatments, procedures, medications, tests or services which are not medically necessary.
2. Expenses incurred for the whole or part of the confinement solely for the purpose of diagnostic procedures or allied health services, including but not limited to physiotherapy, occupational therapy and speech therapy, unless such procedure or service is recommended by a registered medical practitioner for medically necessary investigation or treatment of a disability which cannot be effectively performed in a setting for providing medical services to a day patient.
3. Expenses arising from Human Immunodeficiency Virus ("HIV") and its related disability, which is contracted or occurs before the policy effective date. Irrespective of whether it is known or unknown to the policy holder or the insured person at the time of submission of application, including any updates of and changes to such requisite information (if so requested by the Company under section 8 of part 1 of the policy contract) such disability shall be generally excluded from any coverage of the terms and benefits of policy contract if it exists before the policy effective date. If evidence of proof as to the time at which such disability is first contracted or occurs is not available, manifestation of such disability within the first 5 years after the policy effective date shall be presumed to be contracted or occur before the policy effective date, while manifestation after such 5 years shall be presumed to be contracted or occur after the policy effective date.
