Pink Medical Insurance Plan Value-added services

Modern women often take on multiple roles in today's society. We understand how hectic life could be shouldering different responsibilities and how difficult it must be to juggle all the priorities on hand. To help you undertake your responsibilities with poise and better focus on your wellbeing, **Pink Medical Insurance Plan** (“**Pink Medical**”) offers you access to an array of holistic physical and mental wellness services, as well as our unique value-added services (“VAS”) at discount offersⁱ through **AXA BetterMe**. Offering all-round support at every life stage, these four categories include cosmetic treatments, fertility solution, refractive surgery and maternity care, which are provided by designated service providersⁱⁱ.

Value-added services include:

1 Cosmetic treatments

The pursuit of beauty and radiance is a woman's desire. The key to retain youth is proper maintenance. AXA has partnered with HKSH Medical Groupⁱⁱⁱ and the Pedder Medical Aesthetic Centre – two highly renowned establishments in Hong Kong, to offer you professional treatments at discount rates through state-of-the-art facilities to help you further build your self-confidence.

2 Fertility solution

As Hong Kong women are very career minded, building a successful career and dedication to work can often lead to delay in marriage and pregnancy, which may then cause difficulty in conception. In such cases, in-vitro fertilisation can be an answer, and that is why we partnered with HKSH Medical Group^{iv} to provide fertility solution to help increase the chance of conception.

3 Refractive surgery

If you are tired of wearing glasses or contact lens and want to correct your vision with state-of-the-art treatments, we provide you discount offers for the refractive surgery services by HKSH Medical Group^v and the Champion Eye & Refractive Surgery Centre so you can embrace life with greater confidence.

4 Maternity care

Welcoming a new family member can bring tremendous joy, but we understand at times of pregnancy, childbirth and the baby's health might also cause worries. To give you extra peace of mind during this joyous time, we provide discount offers on maternity packages through our partnership with HKSH Medical Group^{vi}.

In addition to above, we have many more value-added services. For details, please visit www.axa.com.hk/en/axa-betterme or refer to the price plan and Pink Medical discount offers of HKSH Medical Group/
Pedder Medical Aesthetic Centre/Champion Eye & Refractive Surgery Centre.
