# Let's go paperless

At AXA, our purpose is to act for human progress by protecting what matters, and that includes not only yours but also the earth's well-being. Our Go Green actions call for a 360 approach and the collective power of our employees, Financial Consultants, the community, as well as our customers. Knowing you care for the environment as much as we do, we encourage you to "Go Green" today by freeing paper statements and advices and go electronic!

## Let's save trees to protect what matters

Yes, climate change is happening in our city!

39°C  
highest temperature recorded<sup>1</sup>

16,000  
trees destroyed weekly<sup>2</sup>

Offices in Hong Kong are still paper-dependent

Weekly paper consumption in local offices is enormous!

Papers stack up to  
51 IFFCs<sup>3</sup>

24%  
solid waste is paper<sup>4</sup>

Paper is the 2<sup>nd</sup> largest component of landfills

<sup>1</sup> Regional Maximum Temperature in Sheung Shui - 2022 Hong Kong Observatory

<sup>2,3</sup> World Green Organisation Press Release 15 Jul 2019

<sup>4</sup> Monitoring of Solid Waste in Hong Kong - Waste Statistics for 2020

## Three reasons to use eStatements and eAdvices

### 1 Enhanced privacy

People often worry about information leakage, but receiving your data via encryption is actually **safer and more secure.**

### 2 Fast access

Receive policy **updates by email/SMS** anywhere with your digital device.

### 3 Easy storage

Save space from storing paper statements and **locate your documents** quickly on

**Emma by AXA** app!
